MANY WITNESSES TO BE EXAMINED

Being Summoned For Session of
Grand Jury Which Will Open
Next Tuesday

OSBORNE TO BE TREATED

Word Received That Young Man
Sent to Reformatory is Entitled
to Government Aid

Witnesses were being summoned today to appear before the grand jury which will open their session on Tuesday, and two more grand jurors, Lon Havens, and John G. Gartin, both of Rushville township, were drawn this morning to fill the places of Jack Kney and Joseph M. Farlow who were excused on account of sickness.

A long list of names was handed to Ed Spradling, riding bailiff for the court. It is not known yet just how many days the investigators will be in session.

Sheriff Jones received a communication from the physicians who examined Herman Osborne last week in Indianapolis, and they found that he was in need of treatment. The government will be notified of their action, and the defendant will be taken to a government hospital for treatment.

In this manner the charge of 3 to 5 years in the reformatory will stand, and after he is excused from the hospital he will be turned back here to the authorities for the commencement of his term. He and Glen Downey each received the sentence after pleading guilty to a charge of vehicle taking, and Osborne sought treatment on account of injuries received while in the service.

The case of Howard E. Barrett against Goldie and Bert Moorman, et al, a complaint to foreclose a mortgage and for the appointment of a receiver, was heard this morning, and judgment amounting to \$2,941.49 was taken against the defendants, and Gates Ketchum appointed as receiver, after the court had ordered the mortgage foreclosed without relief.

In the divorce suit pending of Emmogene Locke against Anthony Locke, Connersville people, the defendant was granted a change of judge, and the court submitted the names of Thomas M. Green, Howard E. Barrett and Gates Ketchum. The defendant struck off the name of Mr. Green, and the plaintiff is yet to strike off, and the one remaining will be the trial judge in the matter. The case is set for September 26.

In the divorce suit pending of Russell Faust against Louva Faust, the defendant has made application

J. WALTER NORTHAM DIES NEAR ARLINGTON

Posey Township Farmer Succumbs to
Cerebral Hemorrhage at Age of
Seventy Years

WIDOW AND 8 CHILDREN LEFT

J. Walter Northam, a prominent and well known farmer of Posey township, died yesterday afternoon at 3.30 at his home south of Arlington, death being caused from cerebral hemorrhage. The deceased was 70 years old.

A widow and eight children survive, who are Mrs. Flora Branson of Carthage, Mrs. Estella Pitts of Plymouth, Mrs. Emma Riggsbee, Charles Northam, Mrs. Ethel Hufford, Chester Northam, Mrs. Mary Hester and Clarence Northam, all of this county.

The deceased also is survived by two sisters, Mrs. James Powell of Broad Ripple and Mrs. Mariam Parish of Carthage, and two brothers, Jasper Northam of this county and William Northam of Indianapolis.

The funeral services will be held Sunday morning at ten o'clock at the Wesley chapel, and burial will take place in the cemetery nearby.

HAMPSHIRE HOGS SELL WELL

High Averages and Quick Sales at
W. R. Conway Auction

The Hampshire hog sale held at the W. R. Conway farm Wednesday demonstrated that it pays the farmer to get purebred hogs and also that the Hampshire is growing in popularity as the entire offering of eighty-three head was sold in one hour and thirty-two minutes, the demand still being strong when they were all sold.

The Hampshire's reputation for thrift profligcy and being such great mothers to their litters is believed to have created the great demand which now exists.

The average for the February and March gilts was \$40 a head and the male pigs \$42. The late spring and summer pigs averaged about \$25 a head.

TWO SUITS FILED IN CIRCUIT COURT

Milroy Bank Seeks Judgment of
\$3,000 in Case Against Birney
Piper and Others

OTHER SUIT FOR PARTITION

Two new suits were filed in the circuit court today. The Milroy Bank is plaintiff in one suit against Birney Piper, et al, the complaint being a suit on notes and for the foreclosure of a chattel mortgage. The plaintiff alleges that the defendant Birney Piper, negotiated several loans, and also chattel mortgages, and it is alleged that the notes are past due and \$3,000 judgment is demanded.

W. E. Harton et al, are plaintiffs in a suit for partition of real estate naming Hazel Applegate as defendant. The complaint states that there are five tracts of land involved which should be partitioned. The land involved includes a lot in Rushville, and farming land of more than 225 acres.

STEAMER BRINGS IN 30 SURVIVORS

First News of Ship Wreck in Atlantic
is Received in Wireless
From Cabo Creux

TERRIFIC STORMS THIS WEEK

New York, Sept. 23.—First word of a ship wreck in the Atlantic, on the seven steamship lines was received here today in a wireless from the steamer Cabo Creux that it was bringing in thirty survivors.

Captain Juan Zalvidea, of the Cabo Creux, enroute here from Seville sent the following radio, "Will arrive Sunday twenty fifth with thirty shipwreck victims".

The Barrow Line, owners of the ship immediately wirelessly for more details.

Terrific storms lashed the Atlantic this week, severely buffeting the biggest liners.

The ship which was lost probably went down in this hurricane.

RUNAWAY BOYS CAUGHT

Wayne Lane, John Canfield and Chancellor Bejers of the Indiana Soldiers' and Sailors' Orphans' home in northern Rush county, were captured near Carthage Tuesday by the town marshal, Willard Miner and William Shaffer and Burl Addison. They ran away from the home Monday.

TESTS CAUSED EXPLOSION

Berlin, Sept. 23.—Compression tests on a new and secret gas being manufactured at the Oppau Aniline Works were today held responsible for the devastating explosion Wednesday morning which caused over 5,000 casualties and great destruction of property for miles around.

LICENSED TO WED

A marriage license has been issued to Elmer J. Holmes, a mail clerk, Indianapolis and Ora May Cofskey of this county.

LEWIS SUSTAINED BY BIG MAJORITY

Conservative Element in United Mine
Workers Organization Win in
Test Vote Today

AFFECTS FRANK FARRINGTON

He And Other Illinois District Officials
Instructed to Itemize
\$27,000 Expenditures

(By United Press)
Indianapolis, Ind., Sept. 23.—The United Mine Workers convention today sustained a conservative element test by an overwhelming vote. The test came on adoption of President John L. Lewis, report which was amended to instruct Frank Farrington and other Illinois district officials to itemize expenditures of \$27,000 in suppression of the "wild cat strike" at Belleville.

There was a weak chorus of "nos" when Vice President Phil Murray called for a negative vote. When the affirmative vote was called for the convention floor trembled.

Sam Gompers, president of the American Federation of Labor, came to Indianapolis today to confer with leaders in the convention regarding labor activities at the employment conference in Washington next week.

John Moon, miner's leader in Ohio appointed to represent John L. Lewis at the conference, conferred with Gompers today. Later Lewis and other union chiefs were to meet the veteran labor leader. Tomorrow Gompers will address the convention.

The home-state delegations of Alexander Howat and Frank Farrington, so-called radicals, are split on the questions affecting them.

The delegation from Kansas which Howat leads as their district president, is said to be evenly divided, half backing Howat and the others supporting the international administration against Howat's refusal to terminate two outlaw strikes.

So far as the Illinois delegation is concerned, a wide breach came late yesterday when many of the Illinois delegates fought strenuously to have the convention uphold the administrations demand for an accounting of \$27,000 which Farrington and his associates spent to quell a "wildcat" strike.

Little has been heard in the convention regarding the attack launched against Robert Harlin, district president for Washington, by President John Lewis. The international union head linked Harlin and Farrington together in an attempt to demoralize the union during the Alabama and West Virginia strikes.

The friction over the Howat and Harlin episodes is expected to come to a head when the convention takes up that section of the committee report dealing with Lewis' charges against them.

Alex Howat arrived in Indianapolis late yesterday, the third day of the convention, and was in conference this morning with his followers.

When asked how he would defend the Lewis charges he refused to say. "That would be tipping off my hand," he said. "But I'm going to have something to say."

LIQUOR OWNERS MUST PAY

Will Also be Prosecuted After Taxes
Are Assessed

Chicago, Ill., Sept. 23.—Millions of dollars in taxes will be assessed against owners of contraband liquor after which prosecution will follow it was learned here today. Internal revenue taxes never have been repealed.

The flying squadron of twenty prohibition agents that mopped up New York, Indianapolis and Chicago last week, were sent out from Washington to assess the taxes and get evidence for prosecution, the United Press was reliably informed today.

ATTEMPT TO BURN BUILDING

Indianapolis, Sept. 23.—The third attempt within two weeks to burn a building at 17 N. Meridian street was frustrated last night, police believe, when three open gas jets were discovered not far from a lighted candle. The door had been closed

TREATY PLACED BEFORE SENATE

Pact Ending War With Germany,
Austria and Hungary Amended
By Two Reservations

SEN. BORAH STILL OPPOSED

Votes Against Submission of Treaty
And Says He Will Carry Fight
To Senate Floor

(By United Press)
Washington, Sept. 23.—The new peace treaty with Germany, Austria and Hungary, virtually amended by two reservations, was placed before the senate today for ratification by the senate foreign relations committee.

Senator Borah who made a determined fight against the treaty on the ground that it would involve the United States in European affairs, was the only senate member who voted against reporting the treaty to the senate.

Three democrats voted for reporting the treaty, indicating that prompt action may be had in the senate although Borah indicated he would carry the fight to the senate floor. The reporting of the treaty followed assurances from high administration officials that American troops in Germany will be withdrawn immediately following exchange of ratification of the treaty.

Senator Borah apparently has won the first skirmish in his spectacular fight against the Harding administration's treaty.

The "irreconcilable" leader within two days has caused Senator Lodge, Senate Republican leader to indicate that reservations to meet the former's objections may be necessary.

Borah virtually is demanding that two Lodge reservations to former President Wilson's treaty be attached to the Harding pact and Republican Senate leaders are finding it embarrassing to oppose him.

Borah's contentions around which the discussion of reservations revolve are:

1—The United States would be morally, if not legally bound to maintain troops in Germany for an indefinite period under the terms of the treaty.

2—The United States would be involved in European political affairs for years should the executive appoint Americans to sit on international bodies set up under the Versailles treaty.

ARBUCKLE'S FRIEND TO MAKE ACCUSATION

District Attorney Says Al Semnacher
Will Testify Regarding Attack
on Miss Rappe

MRS. DELMONT IS CALLED

(By United Press)
San Francisco, Sept. 23.—Evidence that Roscoe Arbuckle movie comedian, assaulted Virginia Rappe in an inhuman manner, causing injuries which resulted in her death, was to be produced at his preliminary hearing on a murder charge today, District Attorney Brady announced.

Al Semnacher, Miss Rappe's manager and formerly Arbuckle's close friend, is expected to make this accusation on the witness stand.

He was expected to testify, Brady said, that after Arbuckle had taken the girl to his bedroom and torn off part of her clothes, he attacked her with a piece of ice in such a manner as to humiliate her and cause the injuries from which she died a few days later.

Mrs. Bambine Maud Delmont who swore to the murder complaint against Arbuckle and Miss Zey Prevon show girl also were summoned as witnesses today.

Chief Counsel Frank Dominguez and the other defense attorneys today were planning to secure Arbuckle's release through medical testimony. They set up the theory that Miss Rappe merely collapsed from alcoholic excesses while in Arbuckle's release through medical rupture which caused her death developed later.

BENEFIT GAME POSTPONED

Rotary-Kiwanis Contest Will be
Played Tuesday, October 6

The Rotary-Kiwanis base ball game for the benefit of the local post of the American Legion, which was scheduled for next Tuesday afternoon, has been postponed for a week and will be played Tuesday afternoon, October 4.

The postponement was made necessary by the fact that several members of the Kiwanis team will be unable to play on the first date arranged and for the additional reason that the members of the American Legion post are busy this week with their stand at the carnival and have no time to sell tickets.

It is believed that the delay will not interfere in any way as the game can be called earlier in the afternoon so that it will not be necessary to stop the play on account of darkness.

DR. M. C. SEXTON TO LEAD IN DISCUSSION

Local Physician on Program at
Meeting of Muncie Academy of
Medicine Tonight

OTHER DOCTORS TO ATTEND

Several Rushville and Rush county physicians left this afternoon to attend the session tonight of the Muncie Academy of Medicine, an organization of physicians, and Dr. M. C. Sexton of this city is to be on the program to head the discussion, following an address by Dr. Irving W. Potter of Buffalo, N. Y.

Dr. Potter ranks as the foremost obstetrician in the east, and averages 1300 cases a year, on one-thirtieth of such cases in Buffalo. His subject tonight will be "Versions", and it will be illustrated with slides.

Dr. Sexton of this city is on the program to follow up the lecture with a talk, and to start the discussion. The meeting tonight will be held in the banquet hall of the hotel Roberts.

Other physicians who were to attend tonight were Drs. E. I. Wood, John M. Lee and H. V. Logan of this city, Dr. H. P. Metcalf of New Salem and Dr. Joseph Bowen of Occident.

AGENDA DISCUSSED BY FRENCH CABINET

Understood Modifications of Provisions
For Land Armaments Will
Be Asked by French

FOCH AND FAYOLLE ATTEND

(By United Press)
Paris, Sept. 23.—Agenda of the Washington disarmament conference was discussed at a cabinet meeting today.

Although there has yet been no official comment upon the tentative agenda received from the state department at Washington, it was understood that modifications of the clause concerning the limitation of land armaments will be asked by France.

Marshals Foch and Fayolle have been called to a conference. The well known French commentator, Pertinax, writing in the Echo de Paris, said today.

"The object of the United States in calling the conference is to bring back Japanese interference to its pre-war position in the Orient, and to kill the Anglo-Japanese alliance."

GUILTY OF KABER MURDER

Cleveland, Ohio, Sept. 23.—Salvatore Calla today was found guilty of the murder of Dan S. Kaber, wealthy Lakewood publisher. The jury recommended mercy. Calla confessed that he held the hands of Kaber when another hired assassin murdered him. Mrs. Kaber is serving a life sentence in the Maryland reformatory for planning the murder.

WEATHER

Showers tonight or Saturday.

REUNION PROGRAM ANNOUNCED TODAY

Judge Will M. Sparks Will Speak
at Annual Meeting of 123rd Regiment
Meeting Monday

PROBABLY WILL BE THE LAST

Veterans Will be Provided With Dinner
And Meal Will be Served
in Evening For All Soldiers

The program for the annual reunion of the 123rd Indiana infantry, which will be held at the court house in Rushville next Monday, was announced by Luther B. Downey who has in charge the arrangements.

The principal address will be made by Judge Will M. Sparks and a long program consisting of readings and vocal selections will be given in the evening.

It will probably be the last reunion ever held by the veterans of this regiment, the ranks of which are rapidly thinning. Mr. Downey stated today that he doubted whether the comrades would ever again assemble in annual session.

Next Monday, September 26, was selected because it will mark the opening of the annual encampment of the G. A. R. in Indianapolis, and veterans can attend both meetings. It is expected the attendance will be larger than usual on account of the special rate of one cent a mile being offered by the I. & C.

Most of the veterans of the civil war in this locality belonged to the 123rd, which was organized at Greensburg in the early sixties. The annual reunion was held in Rushville last year.

All of the members of the regiment who arrive Monday morning will be provided with dinner and a lunch will be served in the evening at the assembly room of the court house for all civil war soldiers, regardless of whether they belong to the 123rd.

The program will begin promptly at 7.30 o'clock and will be as follows.

Song, "America"—Audience.
Invocation, the Rev. L. E. Brown.
Trio, three Circle Ladies
Reading, Mrs. Pusey.
Sextette, the Misses Kennedy, Innis and Sentman, and Messrs. Grunden Wamsley and Kennedy.
Reading, Mairon Wells.
Solo, Miss Rowena Kennedy.
Reading, Mrs. Earl Osborne.

VICTORY SNATCHED FROM KIWANIS TEAM

Game Called at Connersville in First
Half of Seventh When Local
Team Was Ahead

REVERTED TO SCORE IN 6TH

The Rushville Kiwanis club's base ball team had victory taken from its grasp at Connersville Thursday afternoon and then received a "left-handed" apology and an offer to call it a tie game afterwards. It all happened this way:

Rushville got away to a good start and in the fifth inning the score stood five to three in favor of the local club. Nick Tompkins, who had been pitching, had to retire on account of a sore arm and "Empty" Osborne went in. The Connersville Kiwanians made ten runs off of him. Rushville was just as good as their opponents and made nine runs right back. At the end of the sixth the score stood sixteen to fifteen in favor of Connersville. In the first half of the seventh, when Rushville had scored seven runs, with none out, the umpire announced that the game was called on account of darkness and that the game reverted to the sixth inning, which gave Connersville the game by one point.

The Rushville and Connersville Kiwanians enjoyed a banquet following at the Chamber of Commerce and discussed things of interest to both clubs.

Out They GO!

25 Dozen Men's Fine Dress Shirts go on sale Friday and Saturday Only at

\$1¹⁹

Or 3 for \$3.50

This lot consists of fine materials, including Woven Madras, Mercerized Pongee, Percales and Russian Cords. Many patterns to select from. NEW YORK STOCK MARKET				
New York, Sept. 23.—The whole list of stocks was buoyant in the early trading on the New York stock exchange today.				
Baldwin Loco led an upward movement and made an early high at 89, up over 5 points from this week's low.				
Steel common was another leader making an early high at 79 1/2, compared with a high this month of 80 1/2. Asphalt's early sales were up over a point and Mexican Petroleum in early trading sold at 104 1/2, an 6 1/2 points from Thursday's low. D. T. & W. continued to lead the rails and went to 111 at the opening.				
Opening prices on the New York exchange today showed the whole list to be strong. They included:				
Central leather 28 3/4 up 3/4; Reading 72 1/2 up 1/2; Studebaker 75 1/2 up 3/4; Corn Products 76 1/2; American International 33 1/2 up 3/4; Bethlehem B. 55, up 1/4; General Electric 124 1/2 up 1/4; D. SOVIET TO RETURN PRIVATE CAPITAL

Decision Reached by Russian Government. According to M. Kameneff, Member of Cabinet

CAPITALISM TO BE RESTORED

Head of Moscow Soviet Realizes Communism Can Not be Attained in a Single Bound

By EDWIN HULINGER
(U. P. Staff Correspondent)
(Copyright 1921 by U. P.)
Moscow, Sept. 23.—"The soviet government has decided to return to private capital all industries throughout Russia save four—railways and metallurgical, textile and fuel sources," M. Kameneff, head of the Moscow soviet and member of the Bolshevik cabinet declared in an exclusive interview with the United Press today.

The complete scope of the soviet's new economic policy was revealed by Kameneff who declared Russia is on the eve of national reorganization of a most sweeping character which will include reinstallation of a large part of the capitalist machinery abolished in the revolutions of 1917.

Kameneff, who was formerly Russian trade representative in London and is now one of the real powers in the Bolshevik government, told in simple English the story of Russia's realization that communism could not be attained at a single bound and of the determination of the present government to completely reorganize Russia's national and industrial life and to make way for capitalism.

A small man with a long flowing brown beard, Kameneff is not the fiery figure of Lenin, but he will exercise almost equal power when the new regime is in force.

"Private banking is to be restored in Russia, but on a co-operative basis," Kameneff said. "The national bank of Russia will open within a few days with a charter identical with that of the Bank of France; it will resemble the National Banks of the United States. Free financial intercourse with foreign nations will be permitted.

"Of the four basic industries which the government will continue to maintain, fuel and oil sources may also be turned over to private exploitation with the government retaining a measure of control."

The Bolsheviks are ready, the cabinet minister declared, to grant concessions to American and other foreign capitalists for the exploitation of natural resources of Russia, such as coal, wood and oil. They are prepared to discuss with foreigners whose property was confiscated in 1917 the question of indemnity.

The new policy of the soviet, Kameneff said, meant that the government was retaining the title to land and buildings and leasing property to private firms the same as the ordinary landlord.

"All restrictions upon private commercial and industrial activity will be removed forthwith," Kameneff said. "We realize now it has proved impossible to re-fashion society at one stroke. We never would have gone to such extremes if it had not

been that war conditions, both civil and foreign, compelled iron measures to preserve the soviet's existence.

Dictatorship of the proletariat was a war measure. For the first time since 1917 we now are able to pursue a policy of gradual evolution, infusing Socialist features as society adjusts itself to them."

Retention of public utilities has established a foundation, the soviet leader said, whereon the government can build later. At the same time, it is considered that control of national agencies is still necessary for defense of the country.

CRITICIZES KU KLUX KLAN

William Dudley Foulke Speaks Before Indiana Municipal League

(By United Press)
Vincennes, Ind., Sept. 23.—"Secrecy in respect to public questions is indefensible," William Dudley Foulke of Richmond declared in a severe criticism of the Ku Klux Klan before the Indiana Municipal League here last night.

Foulke referred to the resuscitation and spread of the Klan as "another sinister development", and blamed certain moving pictures for its revival and propagation of "such nefarious doctrines".

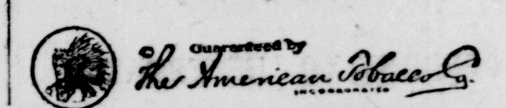

ULTIMATUM TO HUNGARY

Paris, Sept. 23.—The Allied ambassadors council today sent an ultimatum to the Hungarian government, directing that Hungarian troops be withdrawn from Burgenland, the disputed territory on the Austrian border, within a few days. Otherwise the note says, "appropriate measures will be taken."

SALE OF REAL ESTATE

Notice is hereby given that the undersigned Commissioner will on
TUESDAY, OCTOBER 4th, 1921

from one o'clock P. M. on during said day sell and dispose of the building and ground known as the Humes & Kirkpatrick Garage in South Morgan Street, Rushville, Indiana.

This property has been pending for sale for several months and there have been many bidders, and all persons who have bid or expect to bid, must file their bids during the above time with said Commissioners, as said sale will be closed on that date. Bids will be received at the law offices of C. W. Duncan and B. F. Miller at the above time or any time before.

THE TERMS OF THE SALE ARE — One-third (1/3) cash, one-third (1/3) in six months and one-third (1/3) in twelve (12) months, or all cash if the purchaser desires.

This is an excellent piece of property and is being sold at private sale by order of the Rush Circuit Court.

CHAUNCEY W. DUNCAN,
BENJAMIN F. MILLER,
Commissioners..

Breaking the Shackles of Time

Clocks are as much a matter of course as suspenders or sausages. But it took energy and initiative to get the first clock on the kitchen shelf and start it going. The Yankee pack peddler was sole distributor and transporter. His lean, lanky, loose-jointed legs set the limits for most distribution problems in those days.

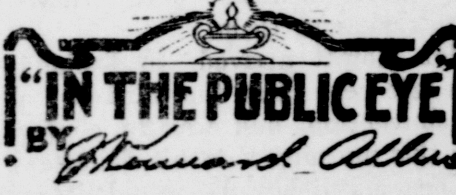

Modern transportation with progressive sales methods — and advertising — have broken the shackles of time. They make a quick job of what used to take years. Through advertising, many an article has been introduced simultaneously in stores all over the country.

This newspaper does you a two-fold service. It not only brings you news of the world, but also news of what to buy, where to buy and how to buy.

The advertisements are news columns of merchants and manufacturers who have important stories to tell you.

Take advantage of them. Read the latest news of good things to be had—and where to get them.

Make sure you get all the news.

If glasses are ground to fill the proper prescriptions your eyes will enjoy the vision of days gone by. In enjoyment of the passing throng, of nature's changing picture and in the perusal of passing events, a man is as young as his eyes. We are worthy of your patronage and confidence. We are experienced in the art of optometry.

Mark, "Democracy"—School children.

Song, "Rose, Rose, Rose"—Katherine Wamsley.

March, "The War of The Nations"—School children.

Reading, Mrs. Marjorie Knecht.

Selection, Holman girls.

Address, Judge Will M. Sparks.

FINED FOR PROVOKE

Gerald Stewart of near Henderson who was arraigned in Justice Stech's court yesterday afternoon on two charges, pleaded guilty to a charge of provoke, and the charge of profanity was dismissed. He paid his fine of \$1 and costs. The charges resulted to an assault charge, and in turn filed the charges against Stewart.

ARGUMENTS BEGIN IN DEFFENDOLL CASE

Decision Expected Late Today as to Whether Confessed Slayer of Mother Shall Die

INSANITY THEORY FOUGHT

Boonville, Ind., Sept. 23.—Whether Willie Deffendoll, 17, confessed slayer of his aged mother, shall suffer the death penalty or escape it for life in an insane asylum, was expected to be decided late today as arguments opened this morning.

The state has sought to disprove Deffendoll was insane by emphasizing the fact that he knew right from wrong, as shown by the effort he made to lay the crime on his brother, Dolly.

Deffendoll showed no emotion as the story of how he shot his mother three times "to be sure she was dead" was laid before the jury. The brother whom Willie accused of the crime while both stood over the mutilated body, was not in court.

Julian Youngblood, one of Deffendoll's attorneys is an uncle of Prosecutor Youngblood and Paul Tweedy, Willie's other attorney is related to Judge Tweedy who is sitting in the case.

MANY WITNESSES TO BE EXAMINED

Continued from Page One
for a change of judge and the petition was granted. The court will submit a list of three jurors for a selection.

Four criminal suits were dismissed yesterday in the circuit court by Prosecutor Stevens for lack of evidence. The cases were against William Sexton and Harry Schmalzel, charged with intoxication; Larry Knecht, charged with contributing to delinquency and Benjamin Mastrofsky, with unlawful possession of liquor.

WOMAN CONFESSES KILLING HUSBAND

Continued Mistreatment and Attention Paid Another Lead Mrs. Minnie Derr to Act

TRAGEDY AT AKRON, OHIO

Akron, Ohio, Sept. 23.—"I wanted to make him suffer—I didn't want to kill him," Mrs. Minnie Derr told police today in confessing that she had slain her husband with acid.

Mrs. Derr was arrested shortly after the funeral of her husband, A. R. Derr, secretary-treasurer of a wholesale builders supply house. Derr was burned by acid Monday night. He died Tuesday. Mrs. Derr received slight injuries. She had contended that she saw no intruder enter the house.

Derr was unable to talk because of his burns.

"I merely wanted him to pay in physical pain for the mental torture he had caused me," the woman sobbed.

Two daughters and her 19-year-old son Harry, listened as Mrs. Derr related the tale of the tragedy and the unfaithfulness for which their father paid.

"He would come home during the early morning hours and wake me to cook him a meal," the alleged confession said. "Then he would complain about the food and use vile language and mistreat me in maddening ways and all the while I had to know it was because of his attention to another woman."

"Sunday night he came in long after midnight. He woke me to prepare something for him to eat. Then he swore at me and went to bed."

"I went downstairs and mixed the lye and water. I splashed and threw it over his upturned face and the bed."

Try a Want Ad and be convinced that it pays.

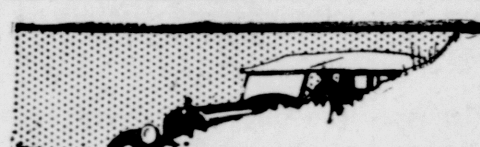

MRS. JOHN HOWARD IS DEAD

Richland Township Woman Expires At Age of Seventy-One Years

Mary E. Howard, aged 71 years, wife of John Howard, expired last night about six o'clock at the family home in Richland township, after an illness for several weeks of a complication. The deceased is survived by the husband and one son, A. W. Howard of New Albany.

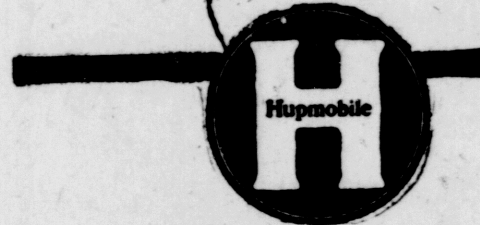

The funeral services will be held at the late residence at 2:30 o'clock Sunday afternoon, and burial will take place in the Salt Creek cemetery.

When Columbus discovered America there were no horses on this continent.

"THE best car of its class in the world" is an expression which the Hupmobile faithfully lives up to.

Are We Degenerating?

The constant and unending stream of murders, robberies, pilferings, breaches of trust, divorces, scandals, and other off-colorings of humanity portrayed in the daily press lead many to the belief that the American people as a race are deteriorating.

Certainly the indictment is terrific and appalling, with but limited corrective measures applied.

It does not necessarily imply, though, that the people as a whole are failing to keep moral pace with the times. It is probably no more than the placing of emphasis on the weaker side of humanity, whereas the better side attracts but little attention.

When the men and women of the present generation were young there was not so much publicity as there is today. The latest scandal was not smeared all over the first page

of the morning paper, ready to be read at the breakfast table. The daily press did not go into every sensational detail then, as is too often done now.

The morbid curiosity was existent then as much as now, but the press was more considerable in the matter of publishing nauseating details and placing them before the young children of the day. It was not the custom of the time.

We have many millions more people than we had fifty years ago, hence there is naturally more crime to be expected and chronicled. Then too, the freedom of the press makes it appear even more numerous than it really is.

Regardless of the moral filth that is paraded before the public day after day we do not believe the American people are degenerating. A certain noise making and stench producing minority are, but the people as a class are as clean minded as any people on earth—more so than those of some nations we might mention.

A strengthening and tightening up of law and order would be beneficial, and that will come in time, just as it did in the old frontier days when the six-gun ruled.

The law abiding element will stand just about a certain amount of skulduggery and ruffianism, and then its patience will snap.

When the debris is cleared away we will be morally cleaner, healthier and better in every way.

The American mind rises above a continual state of debauchery.

No Government by Classes

President Harding's stand against the so-called "bloes" representing special interests in the legislative branch of the Government is strictly in line with the time-honored principle of "equal justice for none." Party lines have been ignored in the formation of groups of legislators having a common sectional or industrial interest. Thus we have the Pacific Coast bloc, the reclamation bloc, the farmers' bloc, the manufacturers' bloc, etc. President Harding looks upon the movement as prejudicial to the welfare of the nation as a whole, and is doing what he can to discourage it. He declares that he will not permit executive action to be influenced in the slightest degree by the recommendations of any of those blocs.

There is something good in the worst of us and something bad in the best of us. So make the best or the worst of it, or vice versa, or the other way around—we don't care which.

The man who fails in his first attempt should take heart. He is better equipped to avoid the pitfalls of the next.

There is plenty of room at the top of the ladder of success, but the top won't come down to you.

People who count the world well lost forget that they never owned it.

Any one can spend money except those who haven't it to spend.

That Dress Problem-Solves Itself

The constant improvement in the class and character and sureness of fitting of Ladies Ready to Wear during the last few years, is one of the actual achievements of the age.

Now let us add to this just right garment a just right price and our problem is solved.

Bring your worries of high costs and other disappointments to us. A ready to put on garment must cure all such ills.

Current Comment

The American Delegation
(Kansas City Journal)

It would be a captious critic who would find any fault with either the personnel of the American delegation to the limitation of armaments conference, as announced by the president, or with the broad principles dictating the president's selections.

Contrasted with President Wilson's policy in selecting himself as the American delegation to Versailles—with a few incidental appointments for arithmetical purposes—President Harding's waltz of all personal or political opportunities is not only commendable but only what was expected.

The selection of Secretary of State Hughes, was, of course, dictated by all the amenities of the situation. Senator Underwood, Democratic leader, is chosen as a courteous recognition of the minority party entered into the matter. As an able member of the senate and by virtue of his position in his party this is just such an appointment as was to have been looked for.

Senator Lodge, chairman of the senate committee on foreign relations and Republican leader balances the logical selection of Senator Underwood and completes the recog-

nition of the senate in the deliberations of the conference.

Elihu Root, former senator and former secretary of state, is one of the great constitutional authorities and statesmen of not only the United States but of the world. He must be regarded as a representative of the nation-at-large in a broader sense than are those who have been chosen for both their personal qualifications and for their position in party and administration councils. The president's good taste in eliminating himself only makes the Wilson policy stand out in more glaring contrast.

The distinction between a conference to determine the terms of a treaty with a defeated enemy at the close of a great struggle and a conference to deliberate upon the limitation of armaments and other problems of world-wide significance, will be readily drawn by all thoughtful persons. But there are inescapable considerations governing both alike. The same character or quality or appointments made by President Harding could and should have been made by President Wilson in selecting a delegation to represent this country at a conference hardly more important than that called to discuss the limitation of armaments and other vital issues.

President Harding has demonstrated both his good taste and his broad Americanism in naming men

who will be universally conceded to be able exponents of the statesmanship which must address itself to the deliberations of the Washington conference.

44 TURN OUT FOR MICHIGAN SQUAD

Coach Yost is Reluctant About Making Any Predictions, But is Working Silently

10 MEN TO RETURN

Will Have Good Foundation For Team and Candidates May Make Old Men Work Hard

(Michigan University)
Ann Arbor, Sept. 23—With his usual reluctance to make any prediction concerning Michigan's chances in the Big Ten running this fall Fielding H. Yost, settled back in his chair in a "just you wait" attitude. Meanwhile the cleats were being fastened more firmly to the shoes of 44 prospective squadmen who showed signs of developing into team material at the spring practice.

There seems to be much opinion among critics that this is the second year of rebuilding for the Maize and Blue eleven after the admittedly disastrous season of 1919. To these Michigan's team holds only the promise of being a minor factor in the championship running. Others are of the opinion that the Wolverines stalk up favorably against the two last champions, Illinois and Ohio, and predict the Michigan eleven will give any contender a "run for the money".

Ten men of the 1920 squad are scheduled to return this fall and material from last year's freshman team seem unusually good. In "Duke" Dunnem the Wolverines have as capable a captain as ever wore the blue sweater. Bank, the late find of last year, is expected to develop into an exceptional pilot.

The line this year will be slightly heavier than last, but will contain many of the old men. Dunne, Vix, Wilson, Van Orden, and Goebel. Just who is slated for the end positions, is a question. There are a number who have signified intention of trying to land a birth there, and with Goebel and Cappon, last year's ends and Kirk formerly of Notre Dame in the lists there should be little difficulty in finding two who will.

ANDERSONVILLE IS COMING TO WIN GAME

Has Never Been Defeated Behind Croddy and Rushville Can't Do it, is Word Sent

TAIL LIGHTS TO BE STRONG

The Andersonville baseball club, which will play the Tail Lights here Sunday, are pinning their faith on Croddy, their pitcher, and the visiting team has sent word that they will be well represented here, and is expecting to take the game.

The following word was received today from the manager of the team, "We are coming to Rushville Sunday and are coming to win. Croddy has not been beaten for us this year and we don't think Rushville can do it either".

The Tail Lights presented one of the strongest line-ups of the season last Sunday, and when they take the field Sunday they will probably line-up as follows: Joyce, 2b; George 3b; Bennett, 1b; Pierce, cf; Byrne, c; Clever, p; Smith, rf; Shaw ss; Sharp, lf. The only change in this line-up over last Sunday is with Pierce, who will probably replace Peters in center field. The game Sunday will be called at 2:30 sharp.

Watching Score Board

Yesterday's Hero: Erin Ward with a homer and two triples led the Yankee attack that battered down the Tigers 12 to 5 and kept the New Yorkers in first place.

O'Neill's double, Speaker's infield out and Jamieson's single in the twelfth inning gave the champion Indians a 9 to 8 victory over the Red Sox.

Sislers homer gave the Browns a 4 to 3 victory over the Athletics in the second game after the Athletics had dropped the first 5 to 0.

Three hits and an error by Grimes in the eighth inning enabled the Pirates to win the first game 3 to 1 but Brooklyn won the second 2 to 0. Roush's single in the tenth inning drove Groh in with the run that gave the Reds a 5 to 4 win over the Phils.

RAIN THREATENS TO PREVENT GOLF PLAY

Willie Hunter of England, Who Eliminated Bobby Jones, Matched With Robert Gardner

CHARLES EVANS A FAVORITE

(By United Press)
St. Louis Country Club, Clayton, Mo., Sept. 23—Jesse Guilford, Boston, vs Charles Evans, Jr., Chicago. Robert Gardner, Chicago vs Willie I. Hunter, Deal, England.

These were the pairings in the semi finals of the national amateur golf championship tournament here today.

A torrential rain fell early today and threatened to delay the start of the matches.

Gardner won the title twice and was the runner-up once and Hunter boasts the amateur championship of England. Gardner is out to revenge the defeat he suffered in Murfield, Scotland, in June 1920 by Cyril Tolley for the British title.

Evans is a favorite over Guilford familiarly known as the "Siege Gun".

Hunter eliminated Bobby Jones, Atlanta wonder, yesterday 2 and 1 in one of the most thrilling matches ever seen in a national tourney. Perfect steadiness and excellent use of irons by Hunter caused the downfall of Jones.

YALE IS WORKING HARD

New Haven, Conn., Sept. 23.—Tackling and line plunging will feature the practice of the Yale varsity eleven today. Owing to the down pour of rain, practice Wednesday consisted mainly of running back kicks and handling wet balls. Ed Blair, freshman captain of last year and who has recovered from an attack of hay fever will be on the field today.

Scratch Pads for Sale. The Daily Republican Office.

“BIG TEN” HAS A BRIGHT PROSPECT

Western Conference Football Season Looks to be Biggest in History of Gridiron

OPENS ON OCTOBER EIGHTH

Critics Are Slow in Making Predictions This Year on Account of Doubtful Teams

Chicago, Sept. 23—Western conference football will contribute its share to what is expected to be the biggest season in the history of the gridiron.

The "Big Ten" gets under way on October 8 and closes on November 19 with five games.

Critics are slow in making advance predictions about the championship battle. Ohio State, however, is generally regarded as having a heavy job in winning the championship again this year. The loss of Stinecomb and Workman will be severe for the Buckeyes, but the Columbus followers look at Coach Wilce for one or two of his usual finds for the new material.

For the first time an opportunity will be afforded for a comparison between eastern and western football through the game between Chicago and Princeton. According to word from the east, Princeton is rated as the sure champion, and Chicago is expected to stand well among the conference eleven.

Illinois, Wisconsin and Michigan as usual, can be counted upon for strong teams. Little can be expected of Indiana or Northwestern.

While not a member of the conference, the Notre Dame eleven will be prominent on the western stage. Despite the loss of the great George Gipp, the South Bend university is expected to have another great machine. Three games with conference eleven—Iowa, Purdue and Indiana are on the Notre Dame schedule, which may be resulted in some tangible hope for the award of the western championship.

Notre Dame also has games with Nebraska, the Army and Michigan Aggies.

The schedule for the big games in the west is as follows:

October 8

Chicago and Purdue at Chicago.
Minnesota and Northwestern at Minneapolis.
Iowa and Notre Dame at Iowa City.
Wisconsin and South Dakota at Madison.
Ohio State and Oberlin at Columbus.

October 15

Iowa and Illinois at Iowa City.
Northwestern and Wisconsin at Evanston.
Ohio State and Minnesota at Columbus.
Michigan and Michigan Aggies at Ann Arbor.
Purdue and Notre Dame at Lafayette.

October 22

Michigan and Ohio State at Ann Arbor.
Illinois and Wisconsin at Urbana.
Minnesota and Indianapolis at Minneapolis.
Notre Dame and Nebraska at Notre Dame.

October 29

Illinois and Michigan at Urbana.
Purdue and Iowa at Lafayette.
Wisconsin and Minnesota at Madison.
Chicago and Colorado at Chicago.
Indiana and Notre Dame at Indianapolis.
Nebraska and Oklahoma at Lincoln.

November 5

Chicago and Ohio State at Chicago.
Minnesota and Iowa at Minneapolis.
Purdue and Northwestern at Lafayette.

November 12

Illinois and Chicago at Urbana.
Iowa and Indiana at Iowa City.
Ohio State and Purdue at Columbus.
Wisconsin and Michigan at Madison.
Notre Dame and Haskell Institute at Notre Dame.

November 19

Chicago and Wisconsin at Chicago.
Indiana and Purdue at Bloomington.
Michigan and Minnesota at Ann Arbor.
Ohio State and Illinois at Columbus.
Iowa and Northwestern at Evanston.
Notre Dame and Marquette at Milwaukee.

Grasshoppers and crickets eat every known fibre except manila and sisal hemp.

STAGES BASE BALL TOURNEY

Fairview High School Host With Five Teams Engaged

The Fairview high school was staging a baseball tournament this afternoon at Fairview and five schools were invited to take part in the meet. All five teams have been playing good ball and it was expected that the contests would be close. The schedule selected for the games is as follows: 1 o'clock, Fairview vs Bentonville; 2:10, Raleigh, vs New Salem; 3:20 Orange vs winner 1 o'clock game; 4:30, winners of the last two games.

Ernest Jeffrey was selected to act as umpire for all of the games this afternoon, and the schools were well represented.

SURE OF ONE END OF THE BIG SHOW

New York Will Start Rehearsing World's Series Capers Today In Games With Cleveland

CROWD OF 40,000 EXPECTED

The Giants Practically Are "In" With 7 More Games to Play This Season

By HENRY L. FARRELL (U. P. Staff Correspondent)

New York 23.—Sure of one end of the big show, New York will start rehearsing world's series capers today.

Cleveland and the Yankees will start a four day battle for the American League pennant that will have all the trimmings of the real show.

The Yankee club owners and the police also expect to handle a crowd of 40,000 at each game of the series. Every reserved seat in the plant has been sold for every game.

While the Yankees go into this series to battle it out for the rag, the Giants practically are "in."

Five victories out of their seven remaining games will cinch the pennant for the New York Giants even if the Pittsburgh Pirates should win their last nine games.

If the Giants win four out of seven they can get nothing worse than a tie. Three victories out of the seven games will force Pittsburgh to win eight out of nine games.

The Giants will finish the season with two against the Phils, one against the Braves, one against Brooklyn and three with St. Louis. Five of the nine games remaining for the Pirates are with the Cardinals.

With the American League it is different. The Yankees have a lead of two points and the only sure way for them to cinch the pennant is to win every one of their remaining ten games.

Cleveland with only eight more games on the schedule is a little better off than the Yankees.

The series starting today will be almost decisive if one of the clubs sweep the series. An even split which is not improbable, will bring the settlement of the argument into the very last week of the race, according to the way they are going now.

After the series with the Yanks, Cleveland has the rest of the schedule with the White Sox, while the Yanks have to take on the tough Browns, the Athletics and the Red Sox.

TATE WINS BOUT

Covington, Ky., Sept. 23.—Bill Tate won all the way in a 12 round colored heavy weight bout with Sam Langford. There was no knock down; Alex Novecky, Detroit, out-boxed Jack Darcy, Cincinnati, in eight rounds.

HARVARD IN PRACTICE

Cambridge, Mass., Sept. 23.—The Harvard varsity foot ball team had their final scrimmage Thursday, in preparation for the double header on Saturday. The team will rest up tomorrow.

Three players, Owen, Fitts and Jenkins, were slightly banged up in the workouts, but they will be able to play on Saturday.

THIS TIME LAST YEAR
 * Mails won his fifth successive victory since joining the Indians, letting the White Sox down with three hits for a 2 to 0 win.
 * The Tigers and the Browns made thirty-one hits. Detroit made ten singles, five doubles, two triples and a homer.

MIDSHIPMEN HAVE GOOD PROSPECTS

"Open Policy" of Athletics Gives Football Team Greatest Opportunity of History

THREE BIG GAMES FOR 1921

Game With The Soldiers, of Course, is The Feature of The Schedule For This Year

Annapolis, Sept. 23—After last year's success in athletics, the greatest in the history of the Naval Academy, the Midshipmen are expecting football to start an even greater sweep through the intercollegiate field.

Gridiron prospects are bright enough to justify the Middies in hoping for great things from their football team. The new "open policy" of athletics started by Secretary Denby will give the football team the greatest opportunity of history to go after a championship.

Three big games are on the 1921 schedule. Princeton comes to Annapolis and the midshipmen make two important trips—to Philadelphia for a game with Penn State and to New York for the annual classic with the Army.

The game with the soldiers, of course, is the feature of the schedule. The sailors are especially anxious to beat the soldiers and break the tie in games. Twenty-three games have been played by the two service academies, each having won eleven, and one resulting in a tie.

Coach Bob Folwell has a big job to fill the two lines places vacated by big Eddie Wilkie and "Country" Moore, who graduated this year. Eddie Even's departure also will leave a hole at end. Otherwise the team will be intact. Backfield prospects are bright, as twelve good men are available, including Conroy, Noyes, Watter and McKee. The new plebe class is also expected to furnish some good material.

The schedule consists of:

North Carolina State, Oct. 1; Western Reserve, Oct. 8; Princeton, Oct. 15; West Virginia, Wesleyan, Oct. 22; Bethany, Oct. 29; Bucknell, Nov. 5; Penn State, Nov. 12; Army, Nov. 26.

The middies won six out of their eight games last year, and beat the Army 7 to 0.

BASE BALL!

SUNDAY Sept. 25th

Tail Lights vs

Andersonville

The Tail Lights have accepted a challenge from Andersonville and they have sent word that they are coming loaded to win. This should prove a good game as they recently defeated the Connersville Reserves 4 to 3.

GAME CALLED AT 2:30 P. M.

SOCIETY

Edited By Miss Edna Krammes
Phone 1111

Mr. and Mrs. Wilson Stewart were the guests of Mr. and Mrs. Oscar Stewart living northwest of the city yesterday.

Mr. and Mrs. Horace Greeley Casady, 912 East Drive, Woodruff Place, Indianapolis, Ind., wish to announce to all the relatives in Rushville, and vicinity, that they will celebrate the twentieth anniversary of their wedding, Sunday afternoon October 2, from 2 to 4 at their home. Mr. Casady is a son of the late Robert Casady, of Rush county, and a nephew of Mrs. Elizabeth Pearsey of this city. The affair is to be entirely informal, no invitations being issued, and it is hoped that all the kith and kin can be present.

The American Literary Club met yesterday afternoon at the home of Mrs. Will Morgan east of the city. The program consisted of greetings to the club by the new president, Mrs. Morgan. Reports from the convention of clubs were read by Mrs. Scott Hosier and Mrs. Morgan. The reports were very interesting and instructive. Stewart Walker's address to the convention of clubs was read by Mrs. Ada Dugal. After the program and business meeting a social hour was enjoyed during which refreshments of brick ice cream, cake, coffee and mints were served by the hostess.

Mrs. Oscar Rees entertained the members of the 4 H. Sewing club yesterday afternoon at her home near Falmouth. A good attendance was present for the meeting and the members spent the hours in needlework. Refreshments were served.

The Priscilla Art Club was delightfully entertained yesterday afternoon at the home of Mrs. Lowell Vickrey west of Falmouth. Twelve members and two guests, Mrs. Sherman Hill and Mrs. Guy Wiley, were present for the meeting. The roll call was "Flaws in the Educational System". A very interesting paper on "Moral Education" was read by Miss Miriam Fry. During the social hour sewing was enjoyed and dainty refreshments were served. The next meeting will be October 6 at the home of Mrs. A. B. Hinchman.

Mr. and Mrs. Dalton Powell entertained at their home east of the city last evening with a chicken frizz and weiner roast. After the supper the evening was spent socially and with music. Those present were Mr. and Mrs. Clyde White of Glenwood, Mr. and Mrs. Barney White, Mr. and Mrs. Paul Foster and son Emerson and Mr. and Mrs. Don Brooks.

Too Busy?

Too busy to go to church Sunday? Some day the angel of death will tap your shoulder. You cannot put him off.

Why not cultivate the spiritual side of your nature?

The old commandment: "Six days shalt thou labor and do all thy work; but the seventh day is a Sabbath" was intended for you. Cold-blooded economists tell us that men who rest on Sunday do the most work.

There is a seat for you in this church. Come Sunday.

Remember the Sabbath to keep it holy. In it thou shalt not do any work.

St. Paul's M. E. Church

Rev. C. S. Black, pastor.
Sunday school at 9:30 a. m., Geo. Wiltse, supt.
Morning worship at 10:30. Sermon by the pastor, "Insufficiency Made Sufficient."

The Country Ladies Aid Society of St. Mary's Catholic church was entertained by Mrs. Will Clawson and Mrs. Will Summan at the home of the latter in Raleigh yesterday. Quite a number of members were present and the afternoon was spent in sewing on quilts. Dainty refreshments were served at the close of the business meeting. The only guest present was Mrs. Henry Summan. The next meeting will be held at the home of Mrs. Will McCoy west of Rushville.

FIRST NUMBER ON TUESDAY

New Salem Seniors Sponsor Lyceum Course For The Winter

The first number of the lyceum course contracted for by the Senior class of the New Salem high school will be given Tuesday night in the auditorium of the school building, and the attractions is the Melody Singers, an entertaining musical organization. The course this fall and winter will include four numbers, and the season tickets have sold good. The lecture course is an usual thing with the New Salem school, and it was sponsored last year by the Junior class on account of the school not having any Seniors.

The remaining numbers will appear during the months following.

pected to come and assist in the rally.

Arlington M. E. Church

Pastor, Rev. R. A. Ulrey.

Queen Quality
REG. U.S. PAT. OFF. & T.M. CO.
SHOES

BEAUTY is more than skin deep in Queen Quality shoes, because beauty starts with the smartly modeled, exclusive "lasts" over which the shoes are tailored, and is built up through the hundreds of operations in making.

Twenty-six days in themaking are required to create Queen Quality perfection, but the Queen Quality organization has been achieving this perfection for more than twenty-six years. That is one reason for the preeminence of Queen Quality fit and style and value at the attractive price you pay.

The other reasons you will learn in the pleasing experience of wearing Queen Quality shoes this season.

A booklet of the latest fall styles, beautifully shown in color, free on request

KOKOMO ROTARY TO AID KIWANIS

Lions' Club Also Will Cooperate to Make District Kiwanis Convention a Success

2,000 VISITORS ARE EXPECTED

Several Kokomo Industrial Plants Will be Open to Inspection by Convention Visitors

Kokomo, Ind., Sept. 23.—The Kokomo Rotary and Lions' clubs today appointed committees to co-operate with the Kiwanis club in making the district Kiwanis convention to be held here Thursday and Friday, September 29 and 30, an unqualified success. In addition to other assistance, Rotarians and Lions have thrown open their homes for the accommodation of part of the 2,000 convention visitors that are expected. Prominent among the Rotarians who have volunteered aid to Otis A. Gerhart, general convention chairman, is Judge C. H. Wills, governor of the Indiana Rotary district. The convention committee also announces that Kokomo citizens generally are responding well to the request of Mr. M. L. Rosenbush, club secretary and chairman of the housing committee, for accommodations for visitors. The committee on garages also announces that ample provision will be made for the care of automobiles driven to Kokomo for the two-day event.

Several Kokomo industrial plants will be open to inspection by convention visitors, according to W. H. Arnett, secretary of the Chamber of Commerce. Little difficulty is anticipated in gaining the co-operation of manufacturers in this regard, as all but two of the large Kokomo industries are owned or controlled by Kokomo men and women. Business men will decorate their stores and in other ways extend a welcome to Kiwanians.

The convention program includes important business sessions and a half dozen entertainment features, two of which will be for the ladies. Men of national prominence will speak. Thursday, the first day, will be the big day of the convention.

AMUSEMENTS

"All Dolled Up" at The Mystic

A love story with a fight for every kiss is promised playgoers who like excitement, when "All Dolled Up," begins its local engagement at the Mystic today only.

Gladys Walton, the fascinating screen lassie who won thousands of new friends with "Pink Tights," is the star of "All Dolled Up," and she exceeds her previous record for thrills per minute.

The story deals with Maggie Quick, a shop girl, whose fairy prince comes in just in time to save her from the advances of a floor-walker but who in turn, leads her into a situation from which she has to fight her way against terrific odds.

Scene by scene the story is swept to a climax that is breath-snatching in its force and which leaves the spectator with a feeling that he or she has been in the middle of the fray.

Florence Turner, well known to every theatre goer, plays the principal feminine role in Miss Walton's support, while such popular players as Fred Malatesta, Ed Hearn, Richard Norton and John Goff have important masculine parts. Helen Bruneau, Ruth Royce and Lydia Yeamans Titus have appealing feminine characterizations which add to the interest of the story.

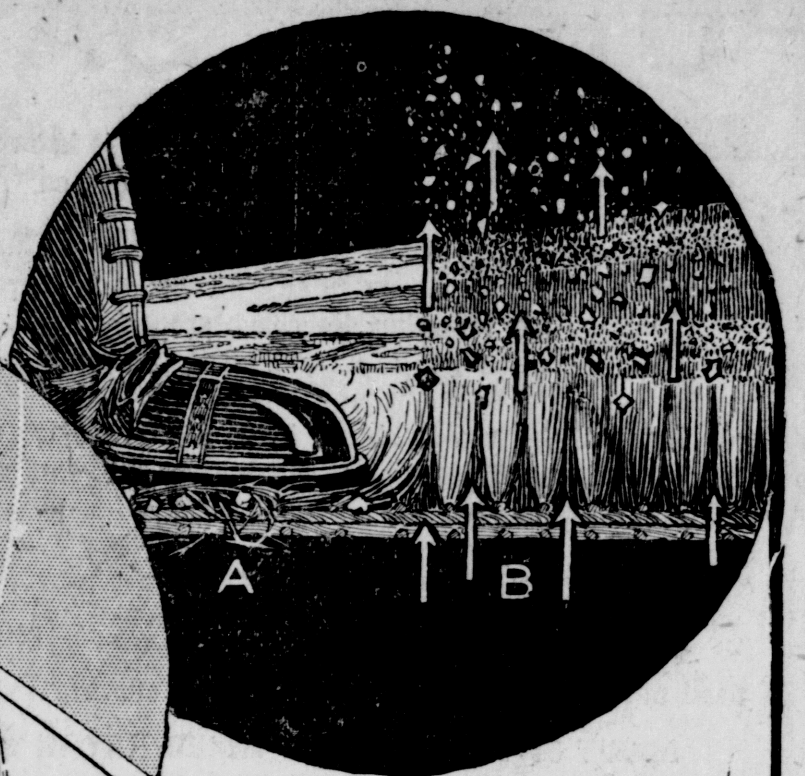

"All Dolled Up" was written especially for Gladys Walton by John Colton. The screen adaptation was made by A. P. Younger, and the production was directed by Rollin Sturgeon.

Like an Arabian Nights extravaganza the locale shifts rapidly from a palace to a dingy hall bedroom, from a big department store to a road house and from the city to the country, keeping the spectators' interest thoroughly engaged at every point.

Double Exposures Feature

Several remarkable double exposures in which Couteau Foote, in the dual role of Har Dyal Rutton, an Indian prince, and David Amber, an adventurous young American, enacts several highly dramatic scenes between the two characters, is a feature of "The Bronze Bell," the latest Paramount-Ince-Vance special picture production which will be presented at the Princess Theatre Friday and Saturday.

Although the dual characters are

A—How the nap is cut by sharp grit when the rug is walked on.
B—How America's powerful air suction lifts out the grit as well as the dirt.

See Those Air Tunnels?

These are basic patented features that can be had only with the America Electric Suction Cleaner. See how important they are.

The Front Air Arch draws strings, hairs, scraps of paper, matches, lint and ravelings into the dust bag without clogging the brushes.

The Base-Board Dust Tunnels at the sides clean quickly in the corners and draw the dust sideways from along base-boards.

The Two-Way Brush straightens the nap from both sides.

The Double-Size Mouth completes your work in half the usual time.

These and other exclusive conveniences are secured only with

"AMERICA"
The Cleaner that Saves the Rug

See for yourself how this powerful suction gets the deep-embedded, nap-destroying grit as well as surface dirt from your rugs. Ask for a

Rush County Mills
"HOME OF CLARK'S PURITY"

in evidence during but a short sequence of the drama, with such unusual care and attention to the minutest details were these scenes in which Foote as Rutton plays opposite Foote as Amber produced, that two weeks were devoted to their filming.

A drama based upon an attempted uprising of the natives of an East Indian principality which is prevented by the enterprise and daring of a young American adventurer. "The Bronze Bell" is said to be one of the most powerful cinema offerings of the season.

Doris May who has returned to the Thomas H. Ince banner after an extensive vacation, plays opposite Mr. Foote in the leading feminine role with an all-star cast, which includes Claire DuBrey, Otto Hoffman, John Davidson, and others in support.

James W. Horne directed the drama with George Barnes at the camera. The entire production was personally supervised by Thomas H. Ince.

ASPIRIN

Name "Bayer" on Genuine

Warning! Unless you see the name "Bayer" on package or on tablets you are not getting genuine Aspirin prescribed by physicians for twenty-one years and proved safe by millions. WILL INCREASE BRIDGE CAPACITY

**State Highway Commission Repairs
Bridge Over White River With
Creosoted Blocks**

FLOORING IS STRONGER

**Formerly Rated as Ten Ton Capacity
But Engineers Increase it to
15 Ton Capacity**

Indianapolis, Ind., Sept. 23—By tearing out a badly damaged concrete floor on the 600-foot steel bridge across White river near Bloomfield on the state road between Indianapolis and Vincennes, and replacing it with creosoted blocks, the state highway commission is demonstrating how it is possible to convert a 10-ton capacity bridge into one of 15-ton capacity.

The floor of this bridge has been in bad condition for months and when Governor McCray was campaigning he noticed its condition and called the attention of the former state highway director that it was unsafe to traffic.

In repairing this structure three-inch creosoted plank are first laid and nailed to creosote nailing strips which are bolted to steel stringers. This work alone calls for drilling by a compressed air machine 2,000 holes in the steel stringers. On top of the plank creosote sheathing is laid diagonally in order to distribute the load so in no case one or two planks will be forced to carry the bulk weight of passing truck or vehicle. The creosote blocks are then laid on top of the sheathing.

Engineers of the bridge department of the commission explain that the difference in weight of a concrete floor and the much lighter creosote block floor means increasing the capacity of this bridge at least five tons.

An additional feature to bridge repair and reclamation work now conducted by the highway department is painting steel bridges. In case of the Bloomfield structure the old paint and rust will be scraped away before the fresh paint is applied. The ends of the bridge are to be painted white, a color advantageous to night driving, while the body proper will be black. The new floor will be installed so the bridge may be opened to traffic about October 15, Mr. Lyons says.

County News

Clarksburg

Mrs. Margaret Hackman of Dayton, Ohio, is visiting her mother, Mrs. Martha Walters.

Mrs. Mary Braden is the guest of Mrs. Alex Burns.

Mr. and Mrs. Otis Tucker spent Tuesday evening, the guests of relatives in Milroy.

Luadah Gordon, little daughter of Mr. and Mrs. Elbert Gordon who has been ill during the summer months, is slowly improving.

WOMAN IS RESCUED FOR A SECOND TIME

**Every Bone in Her Body Ached,
Says Ft. Wayne
Resident**

"I've tried Tanlac twice when I needed help and it came to my rescue both times," said Mrs. E. Deberkaut, 1440 East Lewis St., Ft. Wayne.

"My troubles all started from stomach trouble six years ago, and it seemed to affect my whole system, and I finally got so nervous I couldn't sleep to do any good and then rheumatism got me in its clutches and was especially bad in my hands and legs. There were times when every bone in my body ached.

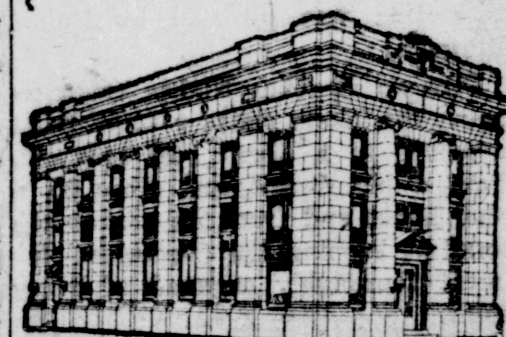

"Tanalac relieved me of this trouble in a very short time and I was in the very best of health for several years. Recently I got to ailing and my first thought was to try Tanlac again. It certainly never fails, for I'm now in splendid health again."

Tanalac is sold in Rushville by F. B. Johnson Drug Co. and by leading druggists everywhere. Advertisement

Pimples Denote Waste Products In The Blood

So Do Blackheads, Boils and Similar Skin Disorders.

The human system is forever striving to get rid of the waste products. It is a life-work which goes on forever. When waste products get in the blood, they cause a lowered vitality. As a result, we become subject to many painful and embarrassing ailments.

When these symptoms appear, Nature is warning us. To throw off the waste products, the blood must be purified. Don't clog your blood. Just clean it out. Nature will do the rest. Pure, rich, red blood nourishes the body and fights off disease.

S. S. S., the standard blood purifier and system builder, is the ideal remedy for skin eruptions. The effect of S. S. S. is to rid the system of the waste products which are causing the trouble. For over 50 years S. S. S. has proven to be of unusual merit. Begin taking S. S. S. today and write for 56 page illustrated booklet, "Facts About the Blood"—free.

Personal medical advice, without charge, may also be had by sending a complete description of your case. Address: Chief Medical Director, Swift Specific Co., 741 S. S. S. Laboratory, Atlanta, Ga. All good drug stores sell S. S. S.

SUNDAY OCT. 9 TO BE FIRE PREVENTION DAY

Statewide Movement Planned to Bring Attention of People to Annual Fire Loss

CHURCHES TO TAKE A PART

(By United Press)

Indianapolis, Sept. 23.—A statewide move against fire losses is urged by State Fire Marshal Newman Miller, who has asked that Sunday, October 9, be observed as Fire Prevention day.

"Fire cost Indians last year," Miller said in calling upon all mayors and fire chiefs to observe the day with fitting programs. "The entire state taxes paid in 1920 amounted to \$9,546,017, while the actual fire loss was \$9,924,177."

The fire marshal suggested that churches and Sunday schools recognize the day, and that anti-fire parades be held.

18 ADDITIONS TO CHURCH

The Rev. J. W. Crawley of near Clarksburg, regular pastor of the Sexton Christian church, closed a very successful meeting there Wednesday night. Eighteen additions were received into the church during the meeting. Great interest was manifested at each of the services. Baptismal services will be held Sunday afternoon at 2:30 o'clock.

MOULD POLICY BY FEAR OF 2 NATIONS

Guiding Principal of France at Conference Will be Based Upon Geographical Position

ANOTHER FACTOR IS RUSSIA

Delegation Has One Unalterable Reservation on Land Disarmament and Unanimous Mandate

By WEBB MILLER
(U. P. Staff Correspondent)

Paris Sept. 23.—The guiding principle of France's policy at the Washington conference in regard to land disarmament will be based upon her geographical position—forced to live beside an active and powerful hereditary enemy in Germany.

Another almost equally moving factor is that great political enigma of Europe—Russia. French statesmen foresee the ever-present possibility, that at some future time Germany and Russia may join forces, either militarily or economically or both, and at one stroke upset all plans. With the present Bolshevik regime in power, France knows that she has in Russia a potential enemy. Whether the enmity will continue when and if the Bolsheviks are overthrown, is an unanswerable question. In every calculation affecting

MONEY TO LOAN—American Security Co. 280tf

her national security French statesmen must keep the above possibilities in sight.

These fundamental principles will underlie every move of the French representatives at the Washington conference. While admitting the possibilities of world-wide benefit that would result from any settlement of the Pacific questions or any workable accord on disarmament, thus far the majority of the French press and a section of official circles are viewing the Washington conference with a noticeable lack of enthusiasm. Most of the comment in the press has been a critical nature.

The outstanding fact seems to be that France cannot yet see how she stands to gain much from the conference and does clearly see how she might lose heavily, especially in the matter of land disarmament.

However, in the interests of the general world welfare and in the hope that some formula will be worked out that might permit a lifting of some of the burden of armaments without affecting national security, France is willing to participate in good faith.

But the French delegation will go to the conference with one unalterable reservation on land disarmament and one unanimous mandate from the nation: That is, that no arrangement will be entered into that would in any way compromise the national security of France.

* Here's a Story Where *
* A Dog Committed Suicide *

Columbus, Ind., Sept. 23.—From Columbus comes the story of a dog that committed suicide.

When Clarence Jolly, 15, was found dead in a field in Brown county recently "Ginger" his Airedale dog, was guarding the boy's body.

A few days afterward, young Jolly's father found "Ginger" dead in front of the barn, her neck broken. Now friends who knew of the dog's great affection for her young master are wondering whether "Ginger" did not commit suicide by jumping from the barn loft.

MEN NEARING THE IDEAL SAYS WOMAN

Reformation Accomplished And Man Has Reached Height of Perfection, Says Mrs. Coleman

DECLARES WOMAN DID IT

Able to Keep Him Home at Nights Because She Can Discuss Business and Politics

(By United Press)

New York, Sept. 23.—At last woman has made a man out of man.

The reformation, in progress since the beginning of time, now is accomplished, and man—the majority, of course—has reached the height of perfection.

"And woman did it," Mrs. Mary Coleman, attorney and club leader, told the United Press today.

"Twenty years ago man spent his night at the club; 200 years ago he powered his nose in public and wore silk panties; 2000 years ago he cut a woman's head off if he didn't like the part in her hair.

"But today—he comes home, helps wipe the dinner dishes, and then goes out and pushes the baby carriage around the block.

"He shaves every day and keeps himself neat and trim. Physically and mentally he is the peer of any past generations.

"The change was brought about by woman. She keeps him at home nights now because she is able to discuss business and politics and he doesn't have to go to the club. She makes him do some of the shopping and be interested in care of the home.

"Why men have nerve enough now to argue with the butcher because there is too much bone in the steak!

"He isn't growing effeminate—he's just found out how to be a man".

Horrible Fate

"Nossuh", ejaculated ex-Private Perkins. "Nossuh, Ah could have went in de air survice but ah done picked de laborin' battalion. S'pose Ah'd been a pilot an' de world had come to an end while Ah was up in de ai and le' me to stave to death. No-SUH!" —American Legion Weekly.

Solved the Problem

"I was almost distracted with stomach trouble, gas and colic attacks and didn't know what to do. I had tried everything I heard of, and the doctor's medicine did not help me. A friend told me about Mayr's Wonderful Remedy, and it has solved the problem, as I can now eat anything and have no distress." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale at Druggists Everywhere. —Advertisement

PRAYER IS SUBJECT FOR FIRST SERMON

Rev. R. L. Hollenback Preaches at Opening Meeting of Series Being Held at Coliseum

NECESSITY OF SECRET PRAYER

The Rev. R. L. Hollenback delivered the opening sermon of the coliseum meetings last night on the subject of "Prayer."

"It isn't every man who has the time to spend two or three hours a day in prayer, but Time is a necessary factor in prayer," he said.

He urged the necessity of secret prayer as well as definiteness and perseverance. "I believe to get definite answers to prayer we must present definite petitions," the Rev. Mr. Hollenback stated. In speaking of perservance and prevailing, he said, "no prayer is real prayer until it takes on a liquid form and is poured out spontaneously from the heart." He also showed that "any piety is superfluous to say the least, which can sit composed under the knowledge that souls are going to hell."

He showed how an alarm of someone drowning would cause folks to feel stirred with feelings of benevolence; and how one would be accounted criminal who could see his neighbor burning and feel no excitement.

"If it is criminal to be careless when someone is imperiled in danger, why is it not just as criminal to be criminal to be careless when souls are lost," the minister declared.

The text of the evening was: "Moreover as for me God forbid that I should sin against the Lord in ceasing to pray for you." A fairly large attendance was present and three special songs were rendered by the workers.

MANY WITNESSES TO BE EXAMINED

Being Summoned For Session of
Grand Jury Which Will Open
Next Tuesday

OSBORNE TO BE TREATED

Word Received That Young Man
Sent to Reformatory is Entitled
to Government Aid

Witnesses were being summoned today to appear before the grand jury which will open their session on Tuesday, and two more grand jurors, Lon Havens, and John G. Gartin, both of Rushville township, were drawn this morning to fill the places of Jack Kney and Joseph M. Farlow who were excused on account of sickness.

A long list of names was handed to Ed Spradling, riding bailiff for the court. It is not known yet just how many days the investigators will be in session.

Sheriff Jones received a communication from the physicians who examined Herman Osborne last week in Indianapolis, and they found that he was in need of treatment. The government will be notified of their action, and the defendant will be taken to a government hospital for treatment.

In this manner the charge of 3 to 5 years in the reformatory will stand, and after he is excused from the hospital he will be turned back here to the authorities for the commencement of his term. He and Glen Downey each received the sentence after pleading guilty to a charge of vehicle taking, and Osborne sought treatment on account of injuries received while in the service.

The case of Howard E. Barrett against Goldie and Bert Moorman, et al, a complaint to foreclose a mortgage and for the appointment of a receiver, was heard this morning, and judgment amounting to \$2,941.49 was taken against the defendants, and Gates Ketchum appointed as receiver, after the court had ordered the mortgage foreclosed without relief.

In the divorce suit pending of Emmogene Locke against Anthony Locke, Connersville people, the defendant was granted a change of judge, and the court submitted the names of Thomas M. Green, Howard E. Barrett and Gates Ketchum. The defendant struck off the name of Mr. Green, and the plaintiff is yet to strike off, and the one remaining will be the trial judge in the matter. The case is set for September 26.

In the divorce suit pending of Russell Faust against Louva Faust, the defendant has made application. Continued on Page Three

J. WALTER NORTHAM DIES NEAR ARLINGTON

Posey Township Farmer Succumbs to
Cerebral Hemorrhage at Age of
Seventy Years

WIDOW AND 8 CHILDREN LEFT

J. Walter Northam, a prominent and well known farmer of Posey township, died yesterday afternoon at 3:30 at his home south of Arlington, death being caused from cerebral hemorrhage. The deceased was 70 years old.

A widow and eight children survive, who are Mrs. Flora Branson of Carthage, Mrs. Estella Pitts of Plymouth, Mrs. Emma Rigsbee, Charles Northam, Mrs. Ethel Hufford, Chester Northam, Mrs. Mary Hester, and Clarence Northam, all of this county.

The deceased also is survived by two sisters, Mrs. James Powell of Broad Ripple and Mrs. Mariam Parish of Carthage, and two brothers, Jasper Northam of this county and William Northam of Indianapolis.

The funeral services will be held Sunday morning at ten o'clock at the Wesley chapel, and burial will take place in the cemetery nearby.

HAMPSHIRE HOGS SELL WELL

High Averages and Quick Sales at
W. R. Conway Auction

The Hampshire hog sale held at the W. R. Conway farm Wednesday demonstrated that it pays the farmer to get purebred hogs, and also that the Hampshire is growing in popularity as the entire offering of eighty-three head was sold in one hour and thirty-two minutes, the demand still being strong when they were all sold.

The Hampshire's reputation for thrift and being such great mothers to their litters is believed to have created the great demand which now exists.

The average for the February and March gilts was \$40 a head and the male pigs \$42. The late spring and summer pigs averaged about \$25 a head.

TWO SUITS FILED IN CIRCUIT COURT

Milroy Bank Seeks Judgment of
\$3,000 in Case Against Birney
Piper and Others

OTHER SUIT FOR PARTITION

Two new suits were filed in the circuit court today. The Milroy Bank is plaintiff in one suit against Birney Piper, et al, the complaint being a suit on notes and for the foreclosure of a chattel mortgage. The plaintiff alleges that the defendant Birney Piper, negotiated several loans, and also chattel mortgages, and it is alleged that the notes are past due and \$3,000 judgment is demanded.

W. E. Harton et al, are plaintiffs in a suit for partition of real estate naming Hazel Applegate as defendant. The complaint states that there are five tracts of land involved which should be partitioned. The land involved includes a lot in Rushville, and farming land of more than 200 acres.

STEAMER BRINGS IN 30 SURVIVORS

First News of Ship Wreck in Atlantic
Is Received in Wireless
From Cabo Creux

TERRIFIC STORMS THIS WEEK

New York, Sept. 23.—First word of a ship wreck in the Atlantic, on the seven steamship lines was received here today in a wireless from the steamer Cabo Creux that it was bringing in thirty survivors.

Captain Juan Zalvidea, of the Cabo Creux, enroute here from Seville sent the following radio. "Will arrive Sunday twenty fifth with thirty shipwreck victims".

The Barrow Line, owners of the ship immediately wirelessed for more details.

Terrific storms lashed the Atlantic this week, severely buffeting the biggest liners.

The ship which was lost probably went down in this hurricane.

RUNAWAY BOYS CAUGHT

Wayne Lane, John Canfield and Chancellor Bejers of the Indiana Soldiers' and Sailors' Orphans' home in northern Rush county, were captured near Carthage Tuesday by the town marshal, Willard Miner and William Shaffer and Burl Addison. They ran away from the home Monday.

TESTS CAUSED EXPLOSION

Berlin, Sept. 23.—Compression tests on a new and secret gas being manufactured at the Oppau Aniline Works were today held responsible for the devastating explosion Wednesday morning which caused over 5,000 casualties and great destruction of property for miles around.

LICENSED TO WED

A marriage license has been issued to Elmer J. Holmes, a mail clerk, Indianapolis and Ora May Cofsky of this county.

LEWIS SUSTAINED BY BIG MAJORITY

Conservative Element in United Mine
Workers Organization Win in
Test Vote Today

AFFECTS FRANK FARRINGTON

He And Other Illinois District Officials Instructed to Itemize
\$27,000 Expenditures

(By United Press)
Indianapolis, Ind., Sept. 23.—The United Mine Workers convention today sustained a conservative element test by an overwhelming vote. The test came on adoption of President John L. Lewis, report which was amended to instruct Frank Farrington and other Illinois district officials to itemize expenditures of \$27,000 in suppression of the "wild cat strike" at Belleville.

There was a weak chorus of "nos" when Vice President Phil Murray called for a negative vote. When the affirmative vote was called for the convention floor trembled.

Sam Gompers, president of the American Federation of Labor, came to Indianapolis today to confer with leaders in the convention regarding labor activities at the employment conference in Washington next week.

John Moon, miner's leader in Ohio appointed to represent John L. Lewis at the conference, conferred with Gompers today. Later Lewis and other union chiefs were to meet the veteran labor leader. Tomorrow Gompers will address the convention.

The home-state delegations of Alexander Howat and Frank Farrington, so-called radicals, are split on the questions affecting them.

The delegation from Kansas which Howat leads, as their district president, is said to be evenly divided, half backing Howat and the others supporting the international administration against Howat's refusal to terminate two outlaw strikes.

So far as the Illinois delegation is concerned, a wide breach came late yesterday when many of the Illinois delegates fought strenuously to have the convention uphold the administration demand for an accounting of \$27,000 which Farrington and his associates spent to quell a "wildcat" strike.

Little has been heard in the convention regarding the attack launched against Robert Harlin, district president for Washington, by President John Lewis. The international union head linked Harlin and Farrington together in an attempt to demoralize the union during the Alabama and West Virginia strikes.

The friction over the Howat and Harlin episodes is expected to come to a head when the convention takes up that section of the committee report dealing with Lewis' charges against them.

Alex Howat arrived in Indianapolis late yesterday, the third day of the convention, and was in conference this morning with his followers.

When asked how he would defend the Lewis charges he refused to say. "That would be tipping off my hand," he said. "But I'm going to have something to say."

LIQUOR OWNERS MUST PAY

Will Also be Prosecuted After Taxes Are Assessed

Chicago, Ill., Sept. 23.—Millions of dollars in taxes will be assessed against owners of contraband liquor after which prosecution will follow it was learned here today. Internal revenue taxes never have been repealed.

The flying squadron of twenty prohibition agents that mopped up New York, Indianapolis and Chicago last week, were sent out from Washington to assess the taxes and get evidence for prosecution, the United Press was reliably informed today.

ATTEMPT TO BURN BUILDING

Indianapolis, Sept. 23.—The third attempt within two weeks to burn a building at 17 N. Meridian street was frustrated last night, police believe, when three open gas jets were discovered not far from a lighted candle. The door had been closed

TREATY PLACED BEFORE SENATE

Pact Ending War With Germany,
Austria and Hungary Amended
By Two Reservations

SEN. BORAH STILL OPPOSED

Votes Against Submission of Treaty
And Says He Will Carry Fight
To Senate Floor

(By United Press)
Washington, Sept. 23.—The new peace treaty with Germany, Austria and Hungary, virtually amended by two reservations, was placed before the senate today for ratification by the senate foreign relations committee.

Senator Borah who made a determined fight against the treaty on the ground that it would involve the United States in European affairs, was the only senate member who voted against reporting the treaty to the senate.

Three democrats voted for reporting the treaty, indicating that prompt action may be had in the senate although Borah indicated he would carry the fight to the senate floor. The reporting of the treaty followed assurances from high administration officials that American troops in Germany will be withdrawn immediately following exchange of ratification of the treaty.

Senator Borah apparently has won the first skirmish in his spectacular fight against the Harding administration's treaty.

The "irreconcilable" leader within two days has caused Senator Lodge, Senate Republican leader to indicate that reservations to meet the former's objections may be necessary.

Borah virtually is demanding that the senate make reservations to former President Wilson's treaty be attached to the Harding pact and Republican Senate leaders are finding it embarrassing to oppose him.

Borah's contentions around which the discussion of reservations revolve are:

1.—The United States would be morally, if not legally bound to maintain troops in Germany for an indefinite period under the terms of the treaty.

2.—The United States would be involved in European political affairs for years should the executive appoint Americans to sit on international bodies set up under the Versailles treaty.

ARBuckle's FRIEND TO MAKE ACCUSATION

District Attorney Says Al Semnacher
Will Testify Regarding Attack
on Miss Rappe

MRS. DELMONT IS CALLED

(By United Press)
San Francisco, Sept. 23.—Evidence that Rosecoe Arbuckle movie comedian, assaulted Virginia Rappe in an inhuman manner, causing injuries which resulted in her death, was to be produced at his preliminary hearing on a murder charge today, District Attorney Brady announced. Al Semnacher, Miss Rappe's manager and formerly Arbuckle's close friend, is expected to make this accusation on the witness stand.

He was expected to testify, Brady said, that after Arbuckle had taken the girl to his bedroom and torn off part of her clothes, he attacked her with a piece of ice in such a manner as to humiliate her and cause the injuries from which she died a few days later.

Mrs. Bambine Maud Delmont who swore to the murder complaint against Arbuckle and Miss Zey Prevon show girl also were summoned as witnesses today.

Chief Counsel Frank Dominguez and the other defense attorneys today were planning to secure Arbuckle's release through medical testimony. They set up the theory that Miss Rappe merely collapsed from alcoholic excesses while in Arbuckle's release through medical rupture which caused her death developed later.

BENEFIT GAME POSTPONED

Rotary-Kiwanis Contest Will be
Played Tuesday, October 6

The Rotary-Kiwanis base ball game for the benefit of the local post of the American Legion, which was scheduled for next Tuesday afternoon, has been postponed for a week and will be played Tuesday afternoon, October 4.

The postponement was made necessary by the fact that several members of the Kiwanis team will be unable to play on the first date arranged and for the additional reason that the members of the American Legion post are busy this week with their stand at the carnival and have no time to sell tickets.

It is believed that the delay will not interfere in any way as the game can be called earlier in the afternoon so that it will not be necessary to stop the play on account of darkness.

DR. M. C. SEXTON TO LEAD IN DISCUSSION

Local Physician on Program at
Meeting of Muncie Academy of
Medicine Tonight

OTHER DOCTORS TO ATTEND

Several Rushville and Rush county physicians left this afternoon to attend the session tonight, of the Muncie Academy of Medicine, an organization of physicians, and Dr. M. C. Sexton of this city is to be on the program to head the discussion, following an address by Dr. Irving W. Potter of Buffalo, N. Y.

Dr. Potter ranks as the foremost obstetrician in the east, and averages 1,300 cases a year, or one-third of such cases in Buffalo. His subject tonight will be "Versions", and it will be illustrated with slides.

Dr. Sexton of this city is on the program to follow up the lecture with a talk, and to start the discussion. The meeting tonight will be held in the banquet hall of the hotel Roberts.

Other physicians who were to attend tonight were Drs. E. I. Wood, John M. Lee and H. V. Logan of this city, Dr. H. P. Metcalf of New Salem and Dr. Joseph Bowen of Ocident.

AGENDA DISCUSSED BY FRENCH CABINET

Understood Modifications of Provisions
For Land Armaments Will
Be Asked by French

FOCH AND FAYOLLE ATTEND

(By United Press)
Paris, Sept. 23.—Agenda of the Washington disarmament conference was discussed at a cabinet meeting today.

Although there has yet been no official comment upon the tentative agenda received from the state department at Washington, it was understood that modifications of the clause concerning the limitation of land armaments will be asked by France.

Marshals Foch and Fayolle have been called to a conference. The well known French commentator, Pertinax, writing in the Echo de Paris, said today.

"The object of the United States in calling the conference is to bring back Japanese interference to its pre-war position in the Orient, and to kill the Anglo-Japanese alliance."

GUILTY OF KABER MURDER

Cleveland, Ohio, Sept. 23.—Salvatore Calla today was found guilty of the murder of Dan S. Kaber, wealthy Lakewood publisher. The jury recommended mercy. Calla confessed that he held the hands of Kaber when another hired assassin murdered him. Mrs. Kaber is serving a life sentence in the Maryland reformatory for planning the murder.

REUNION PROGRAM ANNOUNCED TODAY

Judge Will M. Sparks Will Speak
at Annual Meeting of 123rd Regiment Meeting Monday

PROBABLY WILL BE THE LAST

Veterans Will be Provided With Dinner And Meal Will be Served
in Evening For All Soldiers

The program for the annual reunion of the 123rd Indiana infantry, which will be held at the court house in Rushville next Monday, was announced by Luther B. Downey who has in charge the arrangements.

The principal address will be made by Judge Will M. Sparks and a long program consisting of readings and vocal selections will be given in the evening.

It will probably be the last reunion ever held by the veterans of this regiment, the ranks of which are rapidly thinning. Mr. Downey stated today that he doubted whether the comrades would ever again assemble in annual session.

Next Monday, September 26, was selected because it will mark the opening of the annual encampment of the G. A. R. in Indianapolis, and veterans can attend both meetings. It is expected the attendance will be larger than usual on account of the special rate of one cent a mile being offered by the I. & C.

Most of the veterans of the civil war in this locality belonged to the 123rd, which was organized at Greensburg in the early sixties. The annual reunion was held in Rushville last year.

All of the members of the regiment who arrive Monday morning will be provided with dinner and a lunch will be served in the evening at the assembly room of the court house for all civil war soldiers, regardless of whether they belong to the 123rd.

The program will begin promptly at 7:30 o'clock and will be as follows:

Song, "America"—Audience.
Invocation, the Rev. L. E. Brown.
Trio, three Circle Ladies.
Reading, Mrs. Pusey.
Sextette, the Misses Kennedy, Innis and Sentman, and Messrs. Grunden Wamsley and Kennedy.
Reading, Mairon Wells.
Solo, Miss Rowena Kennedy.
Reading, Mrs. Earl Osborne.
Continued on Page Three

VICTORY SNATCHED FROM KIWANIS TEAM

Game Called at Connersville in First
Half of Seventh When Local
Team Was Ahead

REVERTED TO SCORE IN 6TH

The Rushville Kiwanis club's base ball team had victory taken from its grasp at Connersville Thursday afternoon and then received a "left-handed" apology and an offer to call it a tie game afterwards. It all happened this way:

Rushville got away to a good start and in the fifth inning the score stood five to three in favor of the local club. Nick Tompkins, who had been pitching, had to retire on account of a sore arm and "Empty" Osborne went in. The Connersville Kiwanians made ten runs off him. Rushville was just as good as their opponents and made nine runs right back. At the end of the sixth the score stood sixteen to fifteen in favor of Connersville. In the first half of the seventh, when Rushville had scored seven runs, with none out, the umpire announced that the game was called on account of darkness and that the game reverted to the sixth inning, which gave Connersville the game by one point.

The Rushville and Connersville Kiwanians enjoyed a banquet following at the Chamber of Commerce and discussed things of interest to both clubs.

Out They GO!

25 Dozen Men's Fine Dress Shirts go on sale Friday and Saturday Only at

\$1 19

Or 3 for \$3.50

This lot consists of fine materials, including Woven Madras, Mercerized Pongee, Percales and Russian Cord. Many patterns to select from. SOVIET TO RETURN PRIVATE CAPITAL

Decision Reached by Russian Government, According to M. Kameneff, Member of Cabinet

CAPITALISM TO BE RESTORED

Head of Moscow Soviet Realizes Communism Can Not Be Attained in a Single Bound

By EDWIN HULINGER
(U. P. Staff Correspondent)
(Copyright 1921 by U. P.)

Moscow, Sept. 23.—"The soviet government has decided to return to private capital all industries throughout Russia save four—railways and metallurgical, textile and fuel sources," M. Kameneff, head of the Moscow soviet and member of the Bolshevik cabinet declared in an exclusive interview with the United Press today.

The complete scope of the soviet's new economic policy was revealed by Kameneff, who declared Russia is on the eve of national reorganization of a most sweeping character which will include reinstallation of a large part of the capitalist machinery abolished in the revolutions of 1917. Kameneff, who was formerly Russian trade representative in London and is now one of the real powers in the Bolshevik government, told in simple English the story of Russia's realization that communism could not be attained at a single bound and of the determination of the present government to completely reorganize Russia's national and industrial life and to make way for capitalism.

A small man with a long flowing brown beard, Kameneff is not the fiery figure of Lenin, but he will exercise almost equal power when the new regime is in force.

"Private banking is to be restored in Russia, but on a co-operative basis," Kameneff said. "The national bank of Russia will open within a few days with a charter identical with that of the Bank of France; it will resemble the National Banks of the United States. Free financial intercourse with foreign nations will be permitted."

"Of the four basic industries which the government will continue to maintain, fuel and oil sources may also be turned over to private exploitation with the government retaining a measure of control."

The Bolsheviks are ready, the cabinet minister declared, to grant concessions to American and other foreign capitalists for the exploitation of natural resources of Russia, such as coal, wood and oil. They are prepared to discuss with foreigners whose property was confiscated in 1917 the question of indemnity.

The new policy of the soviet, Kameneff said, meant that the government was retaining the title to land and buildings and leasing property to private firms the same as the ordinary landlord.

"All restrictions upon private commercial and industrial activity will be removed forthwith," Kameneff said. "We realize now it has proved impossible to re-fashion society at one stroke. We never would have gone to such extremes if it had not

been that war conditions, both civil and foreign, compelled iron measures to preserve the soviet's existence. Dictatorship of the proletariat was a war measure. For the first time since 1917, we now are able to pursue a policy of gradual evolution, infusing Socialist features as society adjusts itself to them."

Retention of public utilities has established a foundation, the soviet leader said, whereon the government can build later. At the same time, it is considered that control of national agencies is still necessary for defense of the country.

CRITICIZES KU KLUX KLAN

William Dudley Foulke Speaks Before Indiana Municipal League

(By United Press)
Vincennes, Ind., Sept. 23.—"Secrecy in respect to public questions is indefensible," William Dudley Foulke of Richmond declared in a severe criticism of the Ku Klux Klan before the Indiana Municipal League here last night.

Foulke referred to the resurrection and spread of the Klan as "another sinister development," and blamed certain moving pictures for its revival and propagation of "such nefarious doctrines."

ULTIMATUM TO HUNGARY

Paris, Sept. 23.—The Allied ambassadors council today sent an ultimatum to the Hungarian government, directing that Hungarian troops be withdrawn from Burgenland, the disputed territory on the Austrian border, within a few days. Otherwise the note says, "appropriate measures will be taken."

Breaking the Shackles of Time

Clocks are as much a matter of course as suspenders or sausages. But it took energy and initiative to get the first clock on the kitchen shelf and start it going. The Yankee pack peddler was sole distributor and transporter. His lean, lanky, loose-jointed legs set the limits for most distribution problems in those days.

Modern transportation with progressive sales methods — and advertising — have broken the shackles of time. They make a quick job of what used to take years. Through advertising, many an article has been introduced simultaneously in stores all over the country.

This newspaper does you a two-fold service. It not only brings you news of the world, but also news of what to buy, where to buy and how to buy.

The advertisements are news columns of merchants and manufacturers who have important stories to tell you.

Take advantage of them. Read the latest news of good things to be had—and where to get them.

Make sure you get all the news.

If glasses are ground to fit the proper prescriptions your eyes will enjoy the vision of days gone by. In enjoyment of the passing throng, of nature's changing picture and in the perusal of passing events, a man is as young as his eyes. We are worthy of your patronage and confidence. We are experienced in the art of optometry.

FINED FOR PROVOKE

Gerald Stewart of near Henderson who was arraigned in Justice Stech's court yesterday afternoon on two charges, pleaded guilty to a charge of provoke, and the charge of profanity was dismissed. He paid his fine of \$1 and costs. The charges resulted when John Thompson pleaded guilty to an assault charge, and in turn filed the charges against Stewart.

ARGUMENTS BEGIN IN DEFFENDOLL CASE

Decision Expected Late Today as to Whether Confessed Slayer of Mother Shall Die

INSANITY THEORY FOUGHT

Boonville, Ind., Sept. 23.—Whether Willie Deffendoll, 17, confessed slayer of his aged mother, shall suffer the death penalty or escape it for life in an insane asylum, was expected to be decided late today as arguments opened this morning.

The state has sought to disprove Deffendoll was insane by emphasizing the fact that he knew right from wrong, as shown by the effort he made to lay the crime on his brother, Dolly.

Deffendoll showed no emotion as the story of how he shot his mother three times "to be sure she was dead" was laid before the jury. The brother whom Willie accused of the crime while both stood over the mutilated body, was not in court.

Julian Youngblood, one of Deffendoll's attorneys is an uncle of Prosecutor Youngblood and Paul Tweedy, Willie's other attorney is related to Judge Tweedy who is sitting in the case.

MANY WITNESSES TO BE EXAMINED

Continued from Page One
for a change of judge and the petition was granted. The court will submit a list of three jurists for a selection.

Four criminal suits were dismissed yesterday in the circuit court by Prosecutor Stevens for lack of evidence. The cases were against William Sexton and Harry Schmalzel, charged with intoxication; Larry Knecht, charged with contributing to delinquency and Benjamin Mastrolsky, with unlawful possession of liquor.

WOMAN CONFESSES KILLING HUSBAND

Continued Mistreatment and Attention Paid Another Lead Mrs. Minnie Derr to Act

TRAGEDY AT AKRON, OHIO

Akron, Ohio, Sept. 23.—"I wanted to make him suffer—I didn't want to kill him," Mrs. Minnie Derr told police today in confessing that she had slain her husband with acid.

Mrs. Derr was arrested shortly after the funeral of her husband, A. R. Derr, secretary-treasurer of a wholesale builders supply house.

Derr was burned by acid Monday night. He died Tuesday. Mrs. Derr received slight injuries. She had contended that she saw no intruder enter the house.

Derr was unable to talk because of his burns.

"I merely wanted him to pay in physical pain for the mental torture he had caused me," the woman sobbed.

Two daughters and her 19-year-old son Harry, listened as Mrs. Derr related the tale of the tragedy and the unfaithfulness for which their father paid.

"He would come home during the early morning hours and wake me to cook him a meal," the alleged confession said. "Then he would complain about the food and use vile language and mistreat me in mad-dening ways and all the while I had to know it was because of his attention to another woman."

"Sunday night he came in long after midnight. He woke me to prepare something for him to eat. Then he swore at me and went to bed."

"I went downstairs and mixed the lye and water. I splashed and threw it over his upturned face and the bed."

Are We Degenerating?

The constant and unending stream of murders, robberies, pilferings, breaches of trust, divorces, scandals, and other off-colorings of humanity portrayed in the daily press lead many to the belief that the American people as a race are deteriorating.

Certainly the indictment is terrific and appalling, with but limited corrective measures applied.

It does not necessarily imply, though, that the people as a whole are failing to keep moral pace with the times. It is probably no more than the placing of emphasis on the weaker side of humanity, whereas the better side attracts but little attention.

When the men and women of the present generation were young there was not so much publicity as there is today. The latest scandal was not smeared all over the first page

of the morning paper, ready to be read at the breakfast table. The daily press did not go into every sensational detail then, as is too often done now.

The morbid curiosity was existent then as much as now, but the press was more considerable in the matter of publishing nauseating details and placing them before the young children of the day. It was not the custom of the time.

We have many millions more people than we had fifty years ago, hence there is naturally more crime to be expected and chronicled. Then too, the freedom of the press makes it appear even more numerous than it really is.

Regardless of the moral filth that is paraded before the public day after day we do not believe the American people are degenerating. A certain noise making and stench producing minority are, but the people as a class are as clean minded as any people on earth—more so than those of some nations we might mention.

A strengthening and tightening up of law and order would be beneficial, and that will come in time, just as it did in the old frontier days when the six-gun ruled.

The law abiding element will stand just about a certain amount of skulduggery and ruffianism, and then its patience will snap.

When the debris is cleared away we will be morally cleaner, healthier and better in every way.

The American mind rises above a continual state of debauchery.

No Government by Classes

President Harding's stand against the so-called "bloes" representing special interests in the legislative branch of the Government is strictly in line with the time-honored principle of "equal justice for all, special privileges for none." Party lines have been ignored in the formation of groups of legislators having a common sectional or industrial interest. Thus we have the Pacific Coast bloc, the reclamation bloc, the farmers' bloc, the manufacturers' bloc, etc. President Harding looks upon the movement as prejudicial to the welfare of the nation as a whole, and is doing what he can to discourage it. He declares that he will not permit executive action to be influenced in the slightest degree by the recommendations of any of those blocs.

There is something good in the worst of us and something bad in the best of us. So make the best or the worst of it, or vice versa, or the other way around—we don't care which.

The man who fails in his first attempt should take heart. He is better equipped to avoid the pitfalls of the next.

There is plenty of room at the top of the ladder of success, but the top won't come down to you.

People who count the world well lost forget that they never owned it.

Any one can spend money except those who haven't it to spend.

That Dress Problem-Solves Itself

The constant improvement in the class and character and sureness of fitting of Ladies Ready to Wear during the last few years, is one of the actual achievements of the age.

Now let us add to this just right garment a just right price and our problem is solved.

Bring your worries of high costs and other disappointments to us. A ready to put on garment must cure all such ills.

Current Comment

The American Delegation (Kansas City Journal)

It would be a captions critic who would find any fault with either the personnel of the American delegation to the limitation of armaments conference, as announced by the president, or with the broad principles dictating the president's selections.

Contrasted with President Wilson's policy in selecting himself as the American delegation to Versailles—with a few incidental appointments for arithmetical purposes—President Harding's valuing of all personal or political opportunities is not only commendable but only what was expected.

The selection of Secretary of State, Hughes, was, of course, dictated by all the amenities of the situation. Senator Underwood, Democratic leader, is chosen as a courteous recognition of the minority party entered into the matter. As an able member of the senate and by virtue of his position in his party this is just such an appointment as was to have been looked for.

Senator Lodge, chairman of the senate committee on foreign relations and Republican leader balances the logical selection of Senator Underwood and completes the recog-

nition of the senate in the deliberations of the conference.

Ellyn Root, former senator and former secretary of state, is one of the great constitutional authorities and statesmen of not only the United States but of the world. He must be regarded as a representative of the nation-at-large in a broader sense than are those who have been chosen for both their personal qualifications and for their position in party and administration councils. The president's good taste in eliminating himself only makes the Wilson policy stand out in more glaring contrast.

The distinction between a conference to determine the terms of a treaty with a defeated enemy at the close of a great struggle and a conference to deliberate upon the limitation of armaments and other problems of world-wide significance, will be readily drawn by all thoughtful persons. But there are inescapable considerations governing both alike. The same character or quality of appointments made by President Harding could and should have been made by President Wilson in selecting a delegation to represent this country at a conference hardly more important than that called to discuss the limitation of armaments and other vital issues.

President Harding has demonstrated both his good taste and his broad Americanism in naming men

who will be universally conceded to be able exponents of the statesmanship which must address itself to the deliberations of the Washington conference.

"What is Threaded Rubber?"

Threaded Rubber Insulation is made up of sheets of rubber, each pierced by 196,000 tiny threads. The rubber insulates each plate from its neighbor and the threads allow the battery solution to circulate freely.

Willard Threaded Rubber Insulation stays on the job month after month unaffected by acid and without a sign of splitting, cracking or perforation. It lasts as long as the battery plates and helps the battery give more miles of uninterrupted service per dollar.

You'll need a battery one of these days, so the time to get your battery information together is right now. We'll be glad to show you a Threaded Rubber Battery inside and outside and tell you why it saves you money.

44 TURN OUT FOR MICHIGAN SQUAD

Coach Yost is Reluctant About Making Any Predictions, But is Working Silently

10 MEN TO RETURN

Will Have Good Foundation For Team and Candidates May Make Old Men Work Hard

(Michigan University)
Ann Arbor, Sept. 23—With his usual reluctance to make any prediction concerning Michigan's chances in the Big Ten rushing this fall Fielding H. Yost, settled back in his chair in a "just you wait" attitude. Meanwhile the deals were being fastened more firmly to the shoes of 44 prospective squadmen who showed signs of developing into team material at the spring practice.

There seems to be much opinion among critics that this is the second year of rebuilding for the Maize and Blue eleven after the admittedly disastrous season of 1919. To these Michigan's team holds only the promise of being a minor factor in the championship running. Others are of the opinion that the Wolverines stalk up favorably against the two last champions, Illinois and Ohio, and predict the Michigan eleven will give any contender a "run for the money."

Ten men of the 1920 squad are scheduled to return this fall and material from last year's freshman team seem unusually good. In "Duke" Dunnem the Wolverines have as capable a captain as ever wore the blue sweater. Bunk, the late find of last year, is expected to develop into an exceptional pilot.

The line this year will be slightly heavier than last, but will contain many of the old men, Danne, Vix, Wilson, Van Orden, and Goebel. Just who is slated for the end positions, is a question. There are a number who have signified intention of trying to land a birth there, and with Goebel and Cappon, last years ends and Kirk formerly of Notre Dame in the lists there should be little difficulty in finding two who will.

ANDERSONVILLE IS COMING TO WIN GAME

Has Never Been Defeated Behind Croddy and Rushville Can't Do it, is Word Sent

TAIL LIGHTS TO BE STRONG

The Andersonville baseball club, which will play the Tail Lights here Sunday, are pinning their faith on Croddy, their pitcher, and the visiting team has sent word that they will be well represented here, and is expecting to take the game.

The following word was received today from the manager of the team, "We are coming to Rushville Sunday and are coming to win. Croddy has not been beaten for us this year and we don't think Rushville can do it either."

The Tail Lights presented one of the strongest line-ups of the season last Sunday, and when they take the field Sunday they will probably line-up as follows: Joyce, 2b; George 3b; Bennett, 1b; Pierce, cf; Byrne, c; Clever, p; Smith, rf; Shaw ss; Sharp, lf. The only change in this line-up over last Sunday is with Pierce, who will probably replace Peters in center field. The game Sunday will be called at 2:30 sharp.

Watching Score Board

Yesterday's Hero: Erin Ward with a homer and two triples led the Yankee attack that battered down the Tigers 12 to 5 and kept the New Yorkers in first place. O'Neill's double, Speaker's infield out and Jamieson's single in the twelfth inning gave the champion Indians a 9 to 8 victory over the Red Sox.

Sisters homer gave the Browns a 4 to 3 victory over the Athletics in the second game after the Athletics had dropped the first 5 to 0.

Three hits and an error by Grimes in the eighth inning enabled the Pirates to win the first game 3 to 1 but Brooklyn won the second 2 to 0. Roush's single in the tenth inning drove Groh in with the run that gave the Reds a 5 to 4 win over the Phils.

RAIN THREATENS TO PREVENT GOLF PLAY

Willie Hunter of England, Who Eliminated Bobby Jones, Matched With Robert Gardner

CHARLES EVANS A FAVORITE

(By United Press)
St. Louis Country Club, Clayton, Mo., Sept. 23—Jesse Guilford, Boston, vs Charles Evans, Jr., Chicago. Robert Gardner, Chicago vs Willie I. Hunter, Deal, England. These were the pairings in the semi-finals of the national amateur golf championship tournament here today.

A torrential rain fell early today and threatened to delay the start of the matches.

Gardner won the title twice and was the runner-up once and Hunter boasts the amateur championship of England. Gardner is out to revenge the defeat he suffered in Murfield, Scotland, in June 1920 by Cyril Tolley for the British title.

Evans is a favorite over Guilford familiarly known as the "Siege Gun".

Hunter eliminated Bobby Jones, Atlanta wonder, yesterday 2 and 1 in one of the most thrilling matches ever seen in a national tourney. Perfect steadiness and excellent use of irons by Hunter caused the downfall of Jones.

YALE IS WORKING HARD

New Haven, Conn., Sept. 23.—Tackling and line plunging will feature the practice of the Yale varsity eleven today. Owing to the down pour of rain, practice Wednesday consisted mainly of running back kicks and handling wet balls. Ed Blair, freshman captain of last year and who has recovered from an attack of hay-fever will be on the field today.

Scratch Pads for Sale. The Daily Republican Office.

"BIG TEN" HAS A BRIGHT PROSPECT

Western Conference Football Season Looks to be Biggest in History of Gridiron

OPENS ON OCTOBER EIGHTH

Critics Are Slow in Making Predictions This Year on Account of Doubtful Teams

Chicago, Sept. 23—Western conference football will contribute its share to what is expected to be the biggest season in the history of the gridiron.

The "Big Ten" gets under way on October 8 and closes on November 19 with five games.

Critics are slow in making advance predictions about the championship battle. Ohio State, however, is generally regarded as having a heavy job in winning the championship again this year. The loss of Stinecomb and Workman will be severe for the Buckeyes, but the Columbus followers look at Coach Wiley for one or two of his usual finds for the new material.

For the first time an opportunity will be afforded for a comparison between eastern and western football through the game between Chicago and Princeton. According to word from the east, Princeton is rated as the sure champion, and Chicago is expected to stand well among the conference eleven.

Illinois, Wisconsin and Michigan as usual, can be counted upon for strong teams. Little can be expected of Indiana or Northwestern.

While not a member of the conference, the Notre Dame eleven will be prominent on the western stage. Despite the loss of the great George Gipp, the South Bend university is expected to have another great machine. Three games with conference eleven—Iowa, Purdue and Indiana are on the Notre Dame schedule, which may be resulted in some tangible hopes for the award of the western championship.

Notre Dame also has games with Nebraska, the Army and Michigan Aggies.

The schedule for the big games in the west is as follows:

October 8
Chicago and Purdue at Chicago.
Minnesota and Northwestern at Minneapolis.
Iowa and Notre Dame at Iowa City.
Wisconsin and South Dakota at Madison.
Ohio State and Oberlin at Columbus.
October 15
Iowa and Illinois at Iowa City.
Northwestern and Wisconsin at Evanston.
Ohio State and Minnesota at Columbus.
Michigan and Case at Ann Arbor.
Iowa and Illinois at Iowa City.
Northwestern and Wisconsin at Evanston.
Ohio State and Minnesota at Columbus.
Michigan and Michigan Aggies at Ann Arbor.
Purdue and Notre Dame at Lafayette.

October 22
Michigan and Ohio State at Ann Arbor.
Illinois and Wisconsin at Urbana.
Minnesota and Indianapolis at Minneapolis.
Notre Dame and Nebraska at Notre Dame.

October 29
Illinois and Michigan at Urbana.
Purdue and Iowa at Lafayette.
Wisconsin and Minnesota at Madison.
Chicago and Colorado at Chicago.
Indiana and Notre Dame at Indianapolis.
Nebraska and Oklahoma at Lincoln.

November 5
Chicago and Ohio State at Chicago.
Minnesota and Iowa at Minneapolis.
Purdue and Northwestern at Lafayette.

November 12
Illinois and Chicago at Urbana.
Iowa and Indiana at Iowa City.
Ohio State and Purdue at Columbus.

Wisconsin and Michigan at Madison.
Notre Dame and Haskell Institute at Notre Dame.

November 19
Chicago and Wisconsin at Chicago.
Indiana and Purdue at Bloomington.

Michigan and Minnesota at Ann Arbor.
Ohio State and Illinois at Columbus.
Iowa and Northwestern at Evanston.

Notre Dame and Marquette at Milwaukee.

Grasshoppers and crickets eat every known fibre except manila and sisal hemp.

STAGES BASE BALL TOURNEY

Fairview High School Host With Five Teams Engaged

The Fairview high school was staging a baseball tournament this afternoon at Fairview and five schools were invited to take part in the meet. All five teams have been playing good ball and it was expected that the contests would be close. The schedule selected for the games is as follows: 1 o'clock, Fairview vs Bentonville; 2:10, Raleigh vs New Salem; 3:20 Orange vs winner 1 o'clock game; 4:30, winners of the last two games.

Ernest Jeffrey was selected to act as umpire for all of the games this afternoon, and the schools were well represented.

SURE OF ONE END OF THE BIG SHOW

New York Will Start Rehearsing World's Series Capers Today In Games With Cleveland

CROWD OF 40,000 EXPECTED

The Giants Practically Are "In" With 7 More Games to Play This Season

By HENRY L. FARKELL (U. P. Staff Correspondent)

New York 23.—Sure of one end of the big show, New York will start rehearsing world's series capers today.

Cleveland and the Yankees will start a four day battle for the American League pennant that will have all the trimmings of the real show.

The Yankee club owners and the police also expect to handle a crowd of 40,000 at each game of the series. Every reserved seat in the plant has been sold for every game.

While the Yankees go into this series to battle it out for the rag, the Giants practically are "in."

Five victories out of their seven remaining games will cinch the pennant for the New York Giants even if the Pittsburgh Pirates should win their last nine games.

If the Giants win four out of seven they can get nothing worse than a tie. Three victories out of the seven games will force Pittsburgh to win eight out of nine games.

The Giants will finish the season with two against the Phils, one against the Braves, one against Brooklyn and three with St. Louis. Five of the nine games remaining for the Pirates are with the Cardinals.

With the American League it is different. The Yankees have a lead of two points and the only sure way for them to cinch the pennant is to win every one of their remaining ten games.

Cleveland with only eight more games on the schedule is a little better off than the Yankees.

The series starting today will be almost decisive if one of the clubs sweep the series. An even split which is not improbable, will bring the settlement of the argument into the very last week of the race, according to the way they are going now.

After the series with the Yanks, Cleveland has the rest of the schedule with the White Sox, while the Yanks have to take on the tough Browns, the Athletics and the Red Sox.

TATE WINS BOUT

Covington, Ky., Sept. 23.—Bill Tate won all the way in a 12 round colored heavy weight bout with Sam Langford. There was no knock down. Alex Novecky, Detroit, out-boxed Jack Darcy, Cincinnati, in eight rounds.

HARVARD IN PRACTICE

Cambridge, Mass., Sept. 23.—The Harvard varsity foot ball team had their final scrimmage Thursday, in preparation for the double header on Saturday. The team will rest up tomorrow.

Three players, Owen, Fitts and Jenkins, were slightly banged up in the workouts, but they will be able to play on Saturday.

* THIS TIME LAST YEAR *
* Abils won his fifth successive *
* victory since joining the Ind- *
* ians, letting the White Sox *
* down with three hits for a 2 to *
* 0 win. *
* The Tigers and the Browns *
* made thirty-one hits. Detroit *
* made ten singles, five doubles, *
* two triples and a homer. *

MIDSHIPMEN HAVE GOOD PROSPECTS

"Open Policy" of Athletics Gives Football Team Greatest Opportunity of History

THREE BIG GAMES FOR 1921

Game With The Soldiers, of Course, is The Feature of The Schedule For This Year

Annapolis, Sept. 23—After last year's success in athletics, the greatest in the history of the Naval Academy, the Midshipmen are expecting football to start an even greater sweep through the intercollegiate field.

Gridiron prospects are bright enough to justify the Middies in hoping for great things from their football team. The new "open policy" of athletics started by Secretary Denby will give the football team the greatest opportunity of history to go after a championship.

Three big games are on the 1921 schedule. Princeton comes to Annapolis and the midshipmen make two important trips—to Philadelphia for a game with Penn State and to New York for the annual classic with the Army.

The game with the soldiers, of course, is the feature of the schedule. The sailors are especially anxious to beat the soldiers and break the tie in games. Twenty-three games have been played by the two service academies, each having won eleven, and one resulting in a tie.

Coach Bob Folwell has a big job to fill the two lines vacated by big Eddie Wilkie and "Country" Moore, who graduated this year. Eddie Even's departure also will leave a hole at end. Otherwise the team will be intact. Backfield prospects are bright, as twelve good men are available, including Conroy, Noyes, Watter and McKee. The new plebe class is also expected to furnish some good material.

The schedule consists of:

North Carolina State, Oct. 1; Western Reserve, Oct. 8; Princeton, Oct. 15; West Virginia, Wesleyan, Oct. 22; Bethany, Oct. 29; Bucknell, Nov. 5; Penn State, Nov. 12; Army, Nov. 26.

The middies won six out of their eight games last year, and beat the Army 7 to 0.

BASE BALL!

SUNDAY Sept. 25th

Tail Lights VS Andersonville

The Tail Lights have accepted a challenge from Andersonville and they have sent word that they are coming loaded to win. This should prove a good game as they recently defeated the Connersville Reserves 4 to 3.

GAME CALLED AT 2:30 P. M.

SOCIETY

Edited By Miss Edna Krammes
Phone 1111

Mr. and Mrs. Wilson Stewart were the guests of Mr. and Mrs. Oscar Stewart living northwest of the city yesterday.

Mr. and Mrs. Horace Greeley Casady, 912 East Drive, Woodruff Place, Indianapolis, Ind., wish to announce to all the relatives in Rushville, and vicinity, that they will celebrate the twentieth anniversary of their wedding, Sunday afternoon October 2, from 2 to 4 at their home. Mr. Casady is a son of the late Robert Casady, of Rush county, and a nephew of Mrs. Elizabeth Pearsey of this city. The affair is to be entirely informal, no invitations being issued, and it is hoped that all the kith and kin can be present.

The American Literary Club met yesterday afternoon at the home of Mrs. Will Morgan east of the city. The program consisted of greetings to the club by the new president, Mrs. Morgan. Reports from the convention of clubs were read by Mrs. Scott Hosier and Mrs. Morgan. The reports were very interesting and instructive. Stewart Walker's address to the convention of clubs was read by Mrs. Ada Dugal. After the program and business meeting, a social hour was enjoyed during which refreshments of brick ice cream, cake, coffee and mints were served by the hostess.

Mrs. Oscar Rees entertained the members of the H. H. Sewing club yesterday afternoon at her home near Falmouth. A good attendance was present for the meeting and the members spent the hours in needlework. Refreshments were served.

The Priscilla Art Club was delightfully entertained yesterday afternoon at the home of Mrs. Lowell Vickrey west of Falmouth. Twelve members and two guests, Mrs. Sherman Hill and Mrs. Guy Wiley, were present for the meeting. The roll call was "Flaws in the Educational System". A very interesting paper on "Moral Education" was read by Miss Miriam Fry. During the social hour sewing was enjoyed and dainty refreshments were served. The next meeting will be October 6 at the home of Mrs. A. B. Hinchman.

Mr. and Mrs. Dalton Powell entertained at their home east of the city last evening with a chicken frizz and weiner roast. After the supper the evening was spent socially and with music. Those present were Mr. and Mrs. Clyde White of Glenwood, Mr. and Mrs. Barney White, Mr. and Mrs. Paul Foster and son Emerson and Mr. and Mrs. Don Brooks.

Too Busy?

Too busy to go to church Sunday? Some day the angel of death will tap your shoulder. You cannot put him off.

Why not cultivate the spiritual side of your nature?

The old commandment: "Six days shalt thou labor and do all thy work; but the seventh day is a Sabbath" was intended for you. Cold-blooded economists tell us that men who rest on Sunday do the most work.

There is a seat for you in this church. Come Sunday.

Remember the Sabbath to keep it holy. In it thou shalt not do any work.

St. Paul's M. E. Church

Rev. C. S. Black, pastor.
Sunday school at 9:30 a. m., Geo. Wiltse, supt.

Morning worship at 10:30. Sermon by the pastor, "Insufficiency Made Sufficient."

topic "That They May Know," Matt. 13:10-17.

subject "Peter in Prison."

Evening service at 7:30 p. m.

All members and friends are ex-

The Country Ladies Aid Society of St. Mary's Catholic church was entertained by Mrs. Will Clawson and Mrs. Will Summan at the home of the latter in Raleigh yesterday. Quite a number of members were present and the afternoon was spent in sewing on quilts. Dainty refreshments were served at the close of the business meeting. The only guest present was Mrs. Henry Summan. The next meeting will be held at the home of Mrs. Will McCoy west of Rushville.

FIRST NUMBER ON TUESDAY

New Salem Seniors Sponsor Lyceum Course For The Winter

The first number of the lyceum course contracted for by the Senior class of the New Salem high school will be given Tuesday night in the auditorium of the school building, and the attractions [is the Melody Singers, an entertaining musical organization. The course this fall and winter will include four numbers, and the season tickets have sold good. The lecture course is an unusual thing with the New Salem school, and it was sponsored last year by the Junior class on account of the school not having any Seniors.

The remaining numbers will appear during the months following.

pected to come and assist in the rally.

Queen Quality
SHOES

BEAUTY is more than skin deep in Queen Quality shoes, because beauty starts with the smartly modeled, exclusive "lasts" over which the shoes are tailored, and is built up through the hundreds of operations in making.

Twenty-six days in the making are required to create Queen Quality perfection, but the Queen Quality organization has been achieving this perfection for more than twenty-six years. That is one reason for the preeminence of Queen Quality fit and style and value at the attractive price you pay.

The other reasons you will learn in the pleasing experience of wearing Queen Quality shoes this season.

A booklet of the latest fall styles, beautifully shown in color, free on request

WILL INCREASE BRIDGE CAPACITY

State Highway Commission Repairs Bridge Over White River With Creosoted Blocks

FLOORING IS STRONGER

Formerly Rated as Ten Ton Capacity But Engineers Increase it to 15 Ton Capacity

Indianapolis, Ind., Sept. 23.—By tearing out a badly damaged concrete floor on the 600-foot steel bridge across White river near Bloomfield on the state road between Indianapolis and Vincennes, and replacing it with creosoted blocks, the state highway commission is demonstrating how it is possible to convert a 10-ton capacity bridge into one of 15-ton capacity.

The floor of this bridge has been in bad condition for months and when Governor McCray was campaigning he noticed its condition and called the attention of the former state highway director that it was unsafe to traffic.

In repairing this structure three-inch creosoted plank are first laid and nailed to creosote nailing strips which are bolted to steel stringers. This work alone calls for drilling by a compressed air machine 2,000 holes in the steel stringers. On top of the plank creosote sheathing is laid diagonally in order to distribute the load so in no case one or two planks will be forced to carry the bulk weight of passing truck or vehicle. The creosote blocks are then laid on top of the sheathing.

Engineers of the bridge department of the commission explain that the difference in weight of a concrete floor and the much lighter creosote block floor means increasing the capacity of this bridge at least five tons.

An additional feature to bridge repair and reclamation work now conducted by the highway department is painting steel bridges. In case of the Bloomfield structure, the old paint and rust will be scraped away before the fresh paint is applied. The ends of the bridge are to be painted white, a color advantageous to night driving, while the body proper will be black. The new floor will be installed so the bridge may be opened to traffic about October 15, Mr. Lyons says.

County News

Clarksburg

Mrs. Margaret Hackman of Dayton, Ohio, is visiting her mother, Mrs. Martha Walters.

Mrs. Mary Braden is the guest of Mrs. Alex Buras.

Mr. and Mrs. Otis Tucker spent Tuesday evening, the guests of relatives in Milroy.

Luadah Gordon, little daughter of Mr. and Mrs. Elbert Gordon who has been ill during the summer months, is slowly improving.

WOMAN IS RESCUED FOR A SECOND TIME

Every Bone in Her Body Ached, Says Ft. Wayne Resident

"I've tried Tanlac twice when I needed help and it came to my rescue both times," said Mrs. E. Dobberkau, 1440 East Lewis St., Ft. Wayne.

"My troubles all started from stomach trouble six years ago, and it seemed to affect my whole system, and I finally got so nervous I couldn't sleep to do any good and then rheumatism got me in its clutches and was especially bad in my hands and legs. There were times when every bone in my body ached."

"Tanlac relieved me of this trouble in a very short time and I was in the very best of health for several years. Recently I got to ailing and my first thought was to try Tanlac again. It certainly never fails, for I'm now in splendid health again."

Tanlac is sold in Rushville by F. B. Johnson Drug Co. and by leading druggists everywhere. Advertisement

Pimples Denote Waste Products In The Blood

So Do Blackheads, Boils and Similar Skin Disorders

The human system is forever striving to get rid of the waste products. It is a life-work which goes on forever. When waste products get in the blood, they cause a lowered vitality. As a result, we become subject to many painful and embarrassing ailments.

When these symptoms appear, Nature is warning us. To throw off the waste products, the blood must be purified. Don't clog your blood. Just clean it out. Nature will do the rest. Pure, rich, red blood nourishes the body and fights off disease.

S. S. S., the standard blood purifier and system builder, is the ideal remedy for skin eruptions. The effect of S. S. S. is to rid the system of the waste products which are causing the trouble. For over 30 years S. S. S. has proven to be of unusual merit. Begin taking S. S. S. today and write for 56 page illustrated booklet, "Facts About the Blood"—free.

Personal medical advice, without charge, may also be had by sending a complete description of your case. Address: Chief Medical Director, Swift Specific Co., 741 S. S. S. Laboratory, Atlanta, Ga. All good drug stores sell S. S. S.

SUNDAY OCT. 9 TO BE FIRE PREVENTION DAY

Statewide Movement Planned to Bring Attention of People to Annual Fire Loss

CHURCHES TO TAKE A PART

(By United Press)
Indianapolis, Sept. 23.—A statewide move against fire losses is urged by State Fire Marshal Newman Miller, who has asked that Sunday, October 9, be observed as Fire Prevention day.

"Fire cost Indians more than all state taxes last year," Miller said in calling upon all mayors and fire chiefs to observe the day with fitting programs. "The entire state taxes paid in 1920 amounted to \$9,546,017, while the actual fire loss was \$9,924,177."

The fire marshal suggested that churches and Sunday schools recognize the day, and that anti-fire parades be held.

18 ADDITIONS TO CHURCH

The Rev. J. W. Crawley, of near Clarksburg, regular pastor of the Sexton Christian church, closed a very successful meeting there Wednesday night. Eighteen additions were received into the church during the meeting. Great interest was manifested at each of the services. Baptismal services will be held Sunday afternoon at 2:30 o'clock.

MOULD POLICY BY FEAR OF 2 NATIONS

Guiding Principal of France at Conference Will be Based Upon Geographical Position

ANOTHER FACTOR IS RUSSIA

Delegation Has One Unalterable Reservation on Land Disarmament and Unanimous Mandate

By WEBB MILLER
(U. P. Staff Correspondent)

Paris, Sept. 23.—The guiding principle of France's policy at the Washington conference in regard to land disarmament will be based upon her geographical position—forced to live beside an active and powerful hereditary enemy in Germany.

Another almost equally moving factor is that great political enigma of Europe—Russia. French statesmen foresee the ever-present possibility that at some future time Germany and Russia may join forces, either militarily or economically or both, and at one stroke upset all plans. With the present Bolshevik regime in power, France knows that she has in Russia a potential enemy. Whether the enmity will continue when and if the Bolsheviks are overthrown, is an unanswerable question. In every calculation affecting

MONEY TO LOAN—American Security Co. 2801f

her national security French statesmen must keep the above possibilities in sight.

These fundamental principles will underlie every move of the French representatives at the Washington conference. While admitting the possibilities of world-wide benefit that would result from any settlement of the Pacific questions or any workable accord on disarmament, thus far the majority of the French press and a section of official circles are viewing the Washington conference with a noticeable lack of enthusiasm. Most of the comment in the press has been a critical nature.

The outstanding fact seems to be that France cannot yet see how she stands to gain much from the conference and does clearly see how she might lose heavily, especially in the matter of land disarmament.

However, in the interests of the general world welfare and in the hope that some formula will be worked out that might permit a lifting of some of the burden of armaments without affecting national security, France is willing to participate in good faith.

But the French delegation will go to the conference with one unalterable reservation on land disarmament and one unanimous mandate from the nation: That is, that no arrangement will be entered into that would in any way compromise the national security of France.

Here's a Story Where A Dog Committed Suicide

Columbus, Ind., Sept. 23.—From Columbus comes the story of a dog that committed suicide.

When Clarence Jolly, 15, was found dead in a field in Brown county recently "Ginger" his Airedale dog, was guarding the boy's body.

A few days afterward, young Jolly's father found "Ginger" dead in front of the barn, her neck broken. Now friends who knew of the dog's great affection for her young master are wondering whether "Ginger" did not commit suicide by jumping from the barn loft.

MEN NEARING THE IDEAL SAYS WOMAN

Reformation Accomplished And Man Has Reached Height of Perfection, Says Mrs. Coleman

DECLARES WOMAN DID IT

Able to Keep Him Home at Nights Because She Can Discuss Business and Politics

(By United Press)
New York, Sept. 23.—At last woman has made a man out of man.

The reformation, in progress since the beginning of time, now is accomplished, and man—the majority, of course—has reached the height of perfection.

"And woman did it," Mrs. Mary Coleman, attorney and club leader, told the United Press today.

"Twenty years ago man spent his night at the club; 200 years ago he powered his nose in public and wore silk panties; 2000 years ago he cut a woman's head off if he didn't like the part in her hair.

"But today—he comes home, helps wipe the dinner dishes, and then goes out and pushes the baby carriage around the block.

"He shaves every day and keeps himself neat and trim. Physically and mentally he is the peer of any past generations.

"The change was brought about by woman. She keeps him at home nights now because she is able to discuss business and politics and he doesn't have to go to the club. She makes him do some of the shopping and be interested in care of the home.

"Why men have nerve enough now to argue with the butcher because there is too much bone in the steak!

"He isn't growing effeminate—he's just found out how to be a man."

Horrible Fate

"Nossuh", ejaculated ex-Private Perkins. "Nossuh, Ah could have went in de air service but ah done picked de laborin' battalion. Spouse Ah'd been a pilot an' de world had come to an end while Ah was up in de ai and le' me to stave to death. No-SUH!" —American Legion Weekly.

Solved the Problem

"I was almost distracted with stomach trouble, gas and colic attacks and didn't know what to do. I had tried everything I heard of, and the doctor's medicine did not help me. A friend told me about Mayr's Wonderful Remedy, and it has solved the problem, as I can now eat anything and have no distress." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale at Druggists Everywhere. —Advertisement

PRAYER IS SUBJECT FOR FIRST SERMON

Rev. R. L. Hollenback Preaches at Opening Meeting of Series Being Held at Coliseum

NECESSITY OF SECRET PRAYER

The Rev. R. L. Hollenback delivered the opening sermon of the coliseum meetings last night on the subject of "Prayer."

"It isn't every man who has the time to spend two or three hours a day in prayer, but Time is a necessary factor in prayer," he said.

He urged the necessity of secret prayer as well as definiteness and perseverance. "I believe to get definite answers to prayer we must present definite petitions," the Rev. Mr. Hollenback stated. In speaking of perseverance and prevailing, he said, "no prayer is real prayer until it takes on a liquid form and is poured out spontaneously from the heart." He also showed that "any piety is superfluous to say the least, which can sit composed under the knowledge that souls are going to hell." He showed how an alarm of someone drowning would cause folks to feel stirred with feelings of benevolence, and how one would be accounted criminal who could see his neighbor burning and feel no excitement.

"If it is criminal to be careless when someone is imperiled in danger, why is it not just as criminal to be criminal to be careless when souls are lost," the minister declared.

The text of the evening was: "Moreover as for me God forbid that I should sin against the Lord in ceasing to pray for you." A fairly large attendance was present and three special songs were rendered by the workers.
